PROFITEERING IN COAL TO BE STOPPED

County Fuel Administrator Will Report Cases Similar to That of Woman in This County.

CHARGED \$5.50 TON FOR COAL

No Objections to Individuals Selling Coal if They Get Fair Profit—Can't Get Hard Coal.

There is a woman in Rush county who would outshine Croesus if given the opportunity. She is not a coal dealer and has never been a coal dealer, but recently she nabbed a car of Indiana coal and sold it for \$5.50 a ton.

That little transaction netted her between \$50 and \$100 and cost her no trouble whatever. She was out nothing. She has no investment like coal dealers and she had no upkeep expenses.

Regular coal dealers in Rush county are charging from \$4.50 to \$5.00 a ton for Indiana coal, so that it is apparent that she charged from 50 cents to a dollar more than the market price, taking advantage of the shortage and doing a little profiteering on her own account.

This story is cited for a reason. The county fuel administrator, S. L. Trabue, knows this woman and that she has charged more than she should for the coal. Mr. Trabue is not going to report her case to the state fuel administrator, taking it for granted that she did not realize she was violating the federal fuel regulations, but any other cases of this sort will be brought to the attention of the federal district attorney in Indianapolis, L. Ert Slack, who would most certainly prosecute.

The fuel administration has no objection to any individuals buying coal, as much of it as they can get, and retailing it, but they must not charge more than what is considered a fair price. If they do, they will be reported.

The county fuel administrator emphasized today that he had nothing whatever to do with hard coal. The fuel administration is restricted to Indiana coal entirely.

The county fuel administrator would very much like to send in an order tonight to the state fuel administration for eight cars of coal because he believes that he can get it. At noon he had requests for only three cars, but was trying to make arrangements to have some Rushville dealers take at least four cars. Falmouth wants two cars and Carthage one.

Rushville dealers have been doing very well, however. One has received sixteen cars in the last eighteen days, an average of almost a car a day, without the aid of the fuel administration, but the other two dealers have received only about half that much, including two cars obtained through the fuel administration.

The fuel administrator's records show ten of thirteen cars ordered have reached this county—Milroy receiving three, Carthage two, Rushville two, Falmouth two and Arlington 1. Carthage, Milroy and Sexton each have a carload coming.

800 TURKS ARE TRAPPED

(By United Press.)

London, Nov. 17.—A trapped Turkish force of nearly 800 men was practically wiped out by the British approaching Jerusalem last Thursday, it was officially announced here today. In the attack 431 Turks were killed and 360 surrendered, many of them wounded.

MONITORS FIGHT LAND TROOPS

(By United Press.)

London, Nov. 17.—British monitors are in action against German-Austrian troops in the marshes of Vechia, striving to hold back the Teutonic invaders from Venice. This announcement came from Rome.

80 NAMES PUT ON PETITION

Rebekahs and Odd Fellows Urge Passage of Purple Cross Bill

Over eighty names were added to the Purple Cross petition at the all day meeting held in the Odd Fellows hall on Thursday when a large number of the Rebekahs and Odd Fellows signed the petition signifying their wish that the bodies of the soldiers killed abroad may be returned to their homes for burial. The petition is to be sent to the congressmen of this state urging that they do all in their power to pass the Purple Cross Bill. This addition makes a total of about 130 names on the petition, which may be signed at Fred Caldwell's E. E. Polk's, Hargrove & Mullin's or Farmer's Trust Company.

INDIANAPOLIS MAN IS NAMED TRUSTEE

John F. Boesinger Will Wind up Affairs of Modern Appliance Co.—To Appraise Holdings

SALE IN TWO OR THREE WEEKS

The creditors of the Modern Appliance company elected John F. Boesinger of Indianapolis trustee in bankruptcy at the meeting at S. L. Trabue's office and the company's holdings will be appraised next week in preparation for a sale, which will likely be held within two or three weeks.

Mr. Boesinger has been acting as temporary receiver for the concern, having been appointed by Judge A. B. Anderson of the federal court in Indianapolis after several large creditors on Thursday, October 18, filed an involuntary petition in bankruptcy and asked the appointment of a temporary receiver.

Everything possessed by the company will be sold, including all stock on hands, the building and real estate. It was stated today that the appraisal would be the first thing next week.

INJURIES SUSTAINED IN SAWMILL FATAL

Charles Duncan of Sandusky Dies at Hospital Here—His First Day at the Mill

HIS BODY BADLY MANGLED

Resulting from injuries incurred when he fell backward into a circular saw in the saw mill at Sandusky yesterday morning, Charles Duncan, 22, died last evening at 8:30 o'clock at the Dr. Sexton hospital in this city. From the first, it was thought that the injuries might prove fatal but the wounded man exhibited great courage in spite of his suffering. His right arm was severed four inches below the shoulder, a large piece of flesh was cut from the left arm, his upper lip was torn and his face and body badly mangled.

Yesterday was the first time that Mr. Duncan had worked in the mill. He did not feel well enough to work in the corn field and had just happened into the saw mill and offered to help Mr. Spurlin and Bob Seright, the only men in the mill at the time. He deposited some lumber near the saw and apparently stumbled, falling backward into the saw. The mill belongs to Isaac Spurlin of Sandusky.

Mr. Duncan is survived by his mother, Mrs. Joe Jackson, one half-sister, Florence Jackson, and two half-brothers, Edward and Carl Jackson, the latter of whom is in the Navy. The funeral services will be held at the Methodist church in Sandusky tomorrow. The time has not been set.

ENLISTMENT FOR WAR PERIOD ONLY

Byron Cowing Notified Regulations Regarding Recruiting For Artillery Are Changed

TO INTEREST WHOLE COUNTY

Visits Arlington to Get Recruits and Will go to Other Towns—Half of Peace Strength

Approximately half of the regimental peace strength has already been reaching for the Second Indiana Artillery, for which Byron Cowing of this city is recruiting a platoon, and if the enlistments continue at the present rate in the state, the ranks will be filled by December first, instead of December 15, which is the last date set for enlisting.

Mr. Cowing went to Arlington last night, put up advertising matter, and encouraged interest in enlistment. He will also visit other points in the county. A meeting will be held in the sheriff's office at the court house on Tuesday evening of next week at 7:30 o'clock, when all men between the ages of 18 and 45 who are interested in the platoon are urged to attend.

An order has come to Mr. Cowing to change the enlistment blanks to read "for the existing emergency" instead of "for the period of three years in service and three years in reserve." All enlistments now are for the period of the war and at the end of the war all National guardsmen will be mustered out and will not be held in further service. Men under 18 years of age cannot be enlisted, even with their parents' consent. A call is sent for specialists in the platoon with such trades as saddlers, horseshoers, mechanics, horsemen and cooks, and one man who is a stenographer is needed for the entire battery.

In answer to the question when the men enlisted in this platoon will go into Federal service, it depends upon when war strength is reached. To do this each battery must have 120 men, then be mustered into the National Guard after which they will go into Federal service. The men enlisting in this will be exempted from the next National Army quota of the draft, which is expected about the first of January. Instead of being subject however, to individual call, the regiment will be subject to call as a unit. The raising of this regiment is not defeating the conscription; it is aiding it. Men who have been summoned to be examined for the National army can

KERENSKY REPORTED TO BE IN FLIGHT

Bloody Fighting in Petrograd is Succeeded by Negotiations for Compromise Government.

BOLSHEVIKI ARE IN CONTROL

(By United Press.)

Washington, Nov. 17.—Petrograd was still under Bolshevik control yesterday and the Russian situation was chaotic, according to unofficial Stockholm advices reaching here today.

Petrograd, Nov. 17.—Bloody fighting was succeeded by a negotiation for a compromise government today. Premier Kerensky's whereabouts are unknown and he is reported to be in flight. Negotiations are in progress between the Maximalists and modern socialist leaders.

Petrograd was generally quiet today after sanguine fighting. A destructive battle was fought at Gatchina and Tsarkoe-Selo. For three days Kerensky's provincial government fought with success but lost.

Y. M. C. A. DRIVE TO CLOSE TOMORROW

Final Effort Will be Made at Men's Meeting Sunday Afternoon and Union Meeting at Night

W. E. ANDERSON WILL SPEAK

Rush County is Under Its Quota of \$7,500—Canvassers Are Busy in Every Township

CENTER BANNER TOWNSHIP

Center is the banner township in the Y. M. C. A. campaign so far since the report came in at noon today that \$565 had been raised there, making \$165 over the quota for that section and that the canvassing had been completed. Orange township also brought in surprising results with the news that \$204 of the township's quota of \$350 had been raised. One hundred and five dollars of this amount came from the corner of the township which is almost entirely populated by Germans. These people appreciated the value of the Y. M. C. A., gave their funds willingly and some even called for the solicitors to come to their homes, before they had been solicited for contributions.

A big day has been planned for tomorrow to complete the Y. M. C. A. drive in which Rush county will raise the sum of \$7,500. Tomorrow afternoon at 2 o'clock, W. E. Anderson, head chaplain of the Asiatic fleet, will address the men telling of the religious influences of the Y. M. in the navy. Mr. Anderson will speak from a wealth of personal experience and the men of Rushville should avail themselves of the opportunity to get an inside view of army life.

The meeting will be held at the Methodist church, instead of the Christian church as was formerly announced. The meeting has been changed on account of the funeral of Wilbur Webber which will be held at the Christian church. The union meeting in the evening will also be held at the Methodist church and will begin at seven o'clock. The public is invited and urged to attend this meeting.

Tomorrow, the drive for funds will be completed. The canvassers have worked zealously for the good cause and will continue to do so until the goal is reached. A number of people have willingly contributed, but a number of others will have to do so before the amount that Rush county should send to the

AMERICANS PUT ON FRENCH ROLL OF FAME

Fifteen Are Honored by French General Including Three Who Were First to Give Lives.

OTHERS REPULSED A RAID

By J. W. PEGLER.
(U. P. Staff Correspondent.)

American Field Headquarters, Nov. 17.—Fifteen American heroes were inscribed on the roll of fame by a French general today—the first regular American army soldiers fighting on French soil to achieve this honor.

Among the fifteen were three American soldiers who were the first to give up their lives in action—Privates Gresham, Hay and Wright. The other twelve were the American soldiers who recently repulsed a raid.

The citation read: "Despite a rain of from 8,000 to 10,000 shells the Americans persisted with grenades, rifles and pistols, forcing a numerically superior enemy to retire."

COLLAR BONE IS BROKEN

Russel Moore Sustains Injury When Horse Runs Away

Russell Moore's collar bone was broken last night when the horse which he was driving ran away, turning over the buggy and throwing out the three boys that were in the buggy. The young men were on their way to a box social at the Circleville school house when the horse was frightened and ran away, in spite of their efforts to stop it. When the buggy went over the other two boys were thrown on top of Mr. Moore. He is the son of Mr. and Mrs. Seth Moore of south of the city.

SKILLED LABORERS MAY BE CONSCRIPTED

New Draft Regulations Made Public Today Indicate Such a Thing is Possible

TO BE USED AS LAST RESORT

(By United Press.)

Washington, Nov. 17.—Conscription of skilled labor for military service may become a fact under the new draft regulations made public today.

"When the national interest is better served by inducting such men into military service, than by leaving them engaged in an industry or agriculture, neither deferred classification nor the order number assigned can be permitted to defer the call of such men into the military service, say the regulations. "Use of such labor in the military service would take any form national necessity requires, but probably would be in munition factories, chemical laboratories and skilled work at the front or behind the lines.

The conscription of expert labor, however, will not be resorted to, it was indicated, by the provost general's office today unless the required men can not be found among the regularly drafted men.

The new regulations are co-incident with the division of eligibles into five classes and the circulation of the official questionnaires which have been discussed in previous announcements.

NOMINATES LOCAL MAN FOR THE JOB

County Council of Defense Recommends Him As County Industrial Administrator

ALREADY IN PUBLIC RESERVE

The County Council of Defense yesterday afternoon decided to recommend a Rushville man for county industrial administrator. A well known man who is already a member of the United States Public Reserve and who has evinced a wide interest in war work was recommended, but his name can not be made public until the recommendation is confirmed at Washington by making the official appointment. This man consented to accept the appointment.

The County Council of Defense is not quite clear in regard to the exact duties of this administrator, but it is presumed that he will be asked to list all men of the county who are especially skilled at any trade or profession and whose services might be available to the government in the emergency created by the war with Germany. The qualifications are that the administrator shall not be identified with any large industrial concern or any labor unions. The nominee fills the requirements in every respect.

BOARD ANSWERS ALL QUESTIONS

Sends Replies Regarding Operation of Draft in Rush County to Provost Marshal

BELIEVES AGE LIMIT RIGHT

Indications Are Congress Will Make Arrangements to Register Men Attaining Age of 21

The county army selection board has finished answering questions regarding the draft and mailed them to the provost marshal at Washington. The board is now awaiting the new rules and regulations which have been printed to regulate the operation of the draft when the next call comes. The questionnaires which contain questions that registered men will have to answer so the selection board can classify them, have not reached here yet, but are expected any time. The subject matter of the questionnaires has been made public.

The replies which the board have just mailed to Washington are evidently asked by the provost marshal to get some idea of how the draft worked in various sections of the country. Many of the questions called for the personal opinion of the members of the board as, for example, one asked if the board believed the draft age limits should be lowered or increased. The board expressed the belief in its answer that the draft age should remain as it is until the remaining nine million registrants are exhausted.

The best available estimates indicate the first of the five classes into which all draft registrants are to be divided will contain more than 2,000,000 men, subject for duty with the colors before any man in any other class will be called up.

It is regarded as practically certain that the congress will take up the question of extending the draft law to cover men who have attained the age of twenty-one since it was enacted. Should that be done and provision made for the registration thereafter of every man as he reached that age, it is probable that perhaps 600,000 would be added to Class 1 automatically by next March. In that event no present plans for the army would reach the men in Class 2.

Officials have already considered the possibility that the congress will decide to take in these additional young men. Some fair system by which they may be registered, classified and assigned to places will be devised. New regulations to be published shortly probably will set a way in which this can be done.

Washington dispatches say that it has been made at the provost marshal's office that all exemptions and discharges previously made under the selective draft law are revoked by the new regulations. The man who was exempted either by a local or a district board is placed on the same basis as all other registrants who are not in the service. Married men with dependents have as a rule obtained certificates of exemption. The new order cancels all these certificates. While married men are not exempted as a class under the new rules, men with dependent wives or children are placed so far down in the list that they will not be liable to call for several years.

Mobilization orders for the remaining men to fill up the first quota called are expected within a week, or two weeks at the very latest, according to Washington advices. Rush county legally "owes" Camp Taylor, Ky., twenty-two men on its first quota, but will have to send twenty-six since the board has received official notice of two rejections at the camp and will receive notice of the other two soon. Samuel R. Ferguson and Thurman Downs were the two off-

"Best in the Long Run"

The Want Ad Column Should Interest You Every Day

To Our Customers

On account of the radical advance in price of our entire line of merchandise, and, in order to have on hands at all times the quantity of merchandise required for the transaction of our business, we are compelled to increase our investment in stock, which in turn has compelled us to change our terms.

Customers, who have accounts with us, are requested to call and have their accounts balanced and arrange to settle same either with cash, bankable notes, or arrange for weekly payments on same.

Formerly we could buy in any quantities on very liberal terms and in turn we gave as liberal terms to our customers. Then foods were cheaper and our accounts accordingly low.

But it is vastly different now. Wholesale dealers don't extend credit as they did because they can't and the manufacturers and packing houses demand cash on delivery--all to reduce the cost of selling.

We do not wish to be misunderstood in this matter, and we are not casting any reflection whatsoever on your credit standing. We are taking this step to improve our service to you and to place us in better position to help you combat the high cost of living.

We expect to make this change profitable to you in your everyday buying, and to make it as noticeable that in the near future you will thank us for the change and the saving we have been allowed to make for you.

Our prices will continue to speak for themselves, as everyone knows they have spoken far and near for the past four years, but now they will speak still louder of our service and prices.

We thank you kindly for the past patronage, and assure you that, with your continued co-operation, we will make this change a success in every particular.

Yours truly,
BROWN BROS.,
Grocers.

Rushville, Ind., Nov. 13, 1917

We will continue to pay you the highest market prices for your produce, either in cash or trade.

Beginning Monday, Nov. 19, 1917, we will conduct our business on a Strictly Buy for Cash and Sell for Cash Basis. No other terms. No accounts. One price to all.

JAMES ARTHUR POWELL EXPIRES AT MADISON

Remains Will Arrive This Evening And Funeral Will Take Place at Late Residence

WIDOW AND 3 CHILDREN LEFT

James Arthur Powell died last evening at the Southeastern Indiana Hospital at Madison at the age of seventy-four years, following a prolonged illness. Until he went to the hospital he had made his home in this city at 312 West Second street. Mr. Powell is survived by the widow, a daughter, Mrs. Omer Green two sons, Walter Powell of Anderson and Raugh Powell of Greentown.

The funeral services will be conducted at the home Monday afternoon at one-thirty o'clock with burial at East Hill cemetery. The remains will arrive this evening on the 6:50 Pennsylvania train.

Y. M. C. A. DRIVE TO CLOSE TOMORROW

Continued From Page 1

front, for the men who are in the Red Triangle huts, will be completed.

It is the hope of the workers in charge of the fund that practically every one in the county will have a share in the fund, for their own good as well as for the good of the men, at the front who plead that the Y. M. C. A. be supported. Canvassers in every township in the county are busy at work and it remains for the people to help them.

This is a story that will make Hoosier fathers and mothers "take notice" and maybe make them see what the Y. M. C. A. has to combat in France. Reginald Wright Kauffman is describing conditions:

"I went along a curving street in a little village to the single hotel. The shutters were closed, letting no light out and no air in—closed against all sound. I entered, stumbled down a stinking hall, and opened the door to a narrow room.

"It was filled with a glare of lamp-light and the mixtures of fumes from oil and undigested drink and from dirt centuries stale. And wedged among these fumes were other things; not the French peasants, thrifty and temperate, who drink their light wines, liberally diluted by water, and hurry to their homes—not these but others who drink their wine straight and their liquor, too. And here and there among them a girl—not the sort of a girl you know. No nor yet the sort that would be given more than a pitying glance in America. No houri, no Delilah—they were the off-scourings of the stews of the little towns, thrown out upon the highways and creeping by night into the only spot in all France that would give them shelter and trade—the crowded village inn—

"These boys—these soldiers whom conditions almost force to such a place—they will fight bravely. They will win our war—

"But then what?

"They are not bad or vicious. They are not lonely; they are in need only of either human companionship—or forgetfulness.

"That employe of yours—is he one of them?

"Is your sweetheart one?

"Is your SON?

"The officers of the American expeditionary forces in France are doing their best, but the conditions just faintly indicated are conditions that the strictest discipline and most thorough military measures can alleviate but little. Do you wonder why the Y. M. C. A. is called on to help?"

That is why it is up to every person in Indiana to contribute to the War Work fund now being raised in this state. It is a duty—if yours comes home clean.

ENLISTMENT IS FOR WAR PERIOD ONLY

Continued From Page 1

not be enlisted in this regiment. Red buttons bearing the words "Second Indiana Field Artillery" are to be given to the men who have enlisted, and have passed the physical examination. An interest has been created here in the regiment and several young men have signified their intention of enlisting in the platoon in this city.

GAVE HER DELICATE CHILD VINOL

It Built Him Up and Made Him Strong

Newaygo, Mich.—"My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Hanlon.

Mothers of weak, delicate, ailing children are asked to try this famous cod liver and iron tonic on our guarantee. Children love to take it.

FURTHER CASUALTIES AMONG THE AMERICANS

Enemy Shell Hits Gun and Shrapnel Wounds Several Men in The Trenches

SOME OF WOUNDED MEN DIE

With the American Army in France, Nov. 17.—The artillery fighting in the sector held by American troops has become even more lively and there have been further casualties, shrapnel wounding some men in the trenches.

An enemy shell hit an American gun today and caused casualties. Some of the men wounded in the last two days have died.

BRITISH ROUT THE GERMAN CRUISERS

Enemy Warships Are Pursued During Flight From the Battle of Helgoland.

ENGAGEMENT THIS MORNING

(By United Press.) London, Nov. 17.—British light forces today engaged German light cruisers off Helgoland, the British admiralty announced. The German warships retired and they were closely chased by the British.

The official announcement follows: "British light forces operating in Helgoland fight have been engaged with German light forces this morning. The only information we have received thus far is that our vessels have engaged enemy light cruisers, that the latter have retired at high speed and that our vessels are in pursuit."

VILLISTAS ENCIRCLE JUAREZ

(By United Press.) El Paso, Texas, Nov. 17.—An advance guard of alleged Villista forces today encircled the city of Juarez across the river from El Paso. The bandits so far have made no effort to attack, apparently waiting for reinforcements. Their outposts are plainly visible from the tower to the cathedral here.

THANKFUL FOR HEROISM

Indianapolis, Ind., Nov. 17. "Let us be thankful that the spirit of patriotism and heroism of '76, '61 and '98 are broad in the land," said the Thanksgiving proclamation issued by Gov. James P. Goodrich today.

Scudder and Miss Jeanette Clark left early this morning for Louisville for a week-end visit with Capt. Perry Oneal and Robert Humes at Camp Taylor. Mr. and Mrs. Oneal went in the new Sedan which the Captain has purchased for use at the camp.

—Henry Knotts and family motored to this city from Falmouth to spend the day.

LABOR WILL ENTER AMERICAN POLITICS

This is Significance of Federation Today Changing Its Meeting Time to June

PRACTICALLY A THIRD PARTY

(By United Press.) Buffalo, N. Y., Nov. 17.—By a vote of 215 to 21 the American Federation of Labor today determined to abandon its life-long non-partisan attitude and actively enter American politics next year.

This action took the form of a resolution to change the by-laws to provide for the annual election,

instead of November after the election.

It is said by leaders to change the entire complexion of the organized labor unions in this country, amounting to practically the organization of a third party in opposition to the republican and democratic parties.

This vote assures a strong laboring to the congressional elections next fall. The American Federation of Labor convention hereafter will be looked upon almost as much of a presidential nominating convention as either the republican or democratic conventions.

—Mrs. Fannie Lewis and son John went to Indianapolis this morning and attended the matinee this afternoon of "Cure for Curables."

FREIGHT RAISE SUSPENDED

(By United Press.) Indianapolis, Ind., Nov. 17.—The public service commission today entered the order temporarily suspending the fifteen per cent increase in class freight rates which the railroads of Indiana had arranged to become effective next Monday. A hearing will be held and the commission will go over new evidence and whatever new rate it may decide on will be fixed.

FORCES RIVER; REPULSED

(By United Press.) Rome, Nov. 17.—After forcing passage of the Piave river at two points, enemy troops were driven back across the stream, it was officially announced today.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

To Suppress Disloyalty

The American Defense society has started a campaign to urge congress to enact a law which will impose adequate punishment on persons or organizations responsible for pro-German activities, for the publication of public utterances or statements of a seditious or disloyal nature. It commends itself to the earnest consideration of all Americans. The form of campaign which the society will use is to circulate petitions all over the United States, to be signed by voters urging the passage of such a law by congress. One of the petitions is at the Daily Republican office and may be signed by anyone interested.

The American Defense society has been waging a successful campaign against various forms of pro-German activities throughout the entire country and in its appeal for the support of congress, is doing a worthy work to help stamp out those influences that clog the wheels of a successful prosecution of this war, which is the nation's chief business.

The use of the printed petition, plus the personal efforts of all patriots will aid in making a success the presentation of this most serious question for national recognition. The might of incensed public opinion has proved a most influential factor in the shaping of administration policies. There is no question of the success of any work when properly directed through the right channels, having as its main object the attaining of a conclusive victory against Prussianism. This line of activity comes under the society's motto of "Serve at the Front—or—Serve at Home." Each and every man can do their bit in this community.

"Safe For Democracy"

Just at this time the world is anxiously inquiring the inward meaning of President Wilson's immortal phrase, "safe for democracy."

Just what is "safe," and just what is "democracy?"

In the first place, safety, while it must contain the element of freedom, must not grant license.

Safety means security—of the individual, the group, the community, the state, the nation, the world—security from the forceful encroachment of others. It must carry with it exemption from violence.

Likewise democracy means freedom—of the individual, the group, the community, the state, the nation, the world—freedom in the enjoyment of life, liberty and the pursuit of happiness.

But freedom, made absolute, would nullify safety and result in anarchy. Therefore freedom must be bounded by equity.

The divine principle of right decrees that none shall climb to success on the downfall of another. Your brother's unmerited loss must not be your gain. And this must apply not only to individuals, but to voluntary groups, communities, states, nations. It must be world-wide.

Given a world-wide recognition of

this principle, we have the very essence of democracy.

When all individuals and groups shall recognize the rights of other individuals and groups, and concede them, then will the world be "safe for democracy."

If any are inclined to paraphrase Pilate and ask, "What is Right?" we would answer, an equitable allotment of the opportunities of earth and of life.

Patriotism at so Much Per

Some criticism of Vice-President Marshall has been aroused in the west by his dealing out patriotism at so much per head—whatever the admission at the box office happens to be. The vice-president is billed to deliver a patriotic address at Butte, Mont., on November 22 under the auspices of a lyceum bureau and very naturally there is a charge to get in so that one may hear how to be patriotic. This aroused the ire of the Butte Miner, the democratic paper at Butte, which expresses itself as follows:

"For any one in these days to lecture on patriotism and demand pay for so doing presents about the most flagrant case of profiteering that can be imagined and for a Vice President even to lay himself open to a charge of this kind cannot help being humiliating to a very large class of loyal minded citizens."

To Bernstein: Seven billion dollars war loan. And you might mention to your master that there are many more millions where these came from.

What has become of the old-

Can the Bolsheviki Strangle Free Russia?

No hopeless view of the Bolsheviki uprising in Petrograd is taken by American editorial observers altho it is frankly recognized that the plan for a separate Russo-German peace might help solve Germany's food problem and release many German soldiers from the Eastern front. In the view of an Associated Press correspondent, just returned from Petrograd, however, the uprising gives the Bolsheviki the rope with which to hang themselves, and this view is shared by the well-informed *Russkoye Slovo*, a Russian daily published in New York.

"The Bolsheviki may occupy all the palaces and strongholds of Petrograd," remarks this Russian journal, "as they did during their insurrection last July; they may impose their will briefly upon the members of the Government and claim control of the capital, but they can not dominate for more than a brief period, the indignant, loyal forces of the Russian nation."

For a clear explanation and understanding of the causes leading up to, and the possible outcome of, the overturning of the Kerensky Government you should read THE LITERARY DIGEST for November 17th. By direct quotation from leading journals, American and foreign, the reader is able to obtain a clear knowledge of all the facts in this very critical juncture in the world's war.

Other subjects that will claim your interest in this number of THE DIGEST are:

Special, Commencing This Week—"War-Time Food Problems"

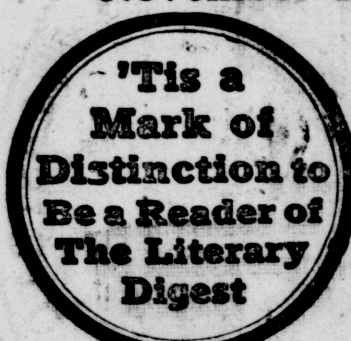

PREPARED BY THE U. S. FOOD ADMINISTRATION AT WASHINGTON

Under the heading "War-Time Food Problems," THE LITERARY DIGEST will hereafter contain an important department, the material for which is prepared especially for "The Digest" by the United States Food Administration.

This new department will contain authoritative and practical information for every man, woman, and child in America. Methods for saving money in buying food and cooking it; recipes for health-giving and economic dishes; how excessive profits are being curtailed; what to do to prevent overcharging; how you can cooperate for your own benefit and the benefit of the American people, and for our sons who are upholding American manhood in the training camps in this country and on the battle-fields of Europe; these are just a few of the subjects that will be covered each week.

This Department is ideally adapted for use in high schools and includes lesson-plans to make the information available for classroom use.

NATURA

has no equal for the treatment of all forms of Catarrh.
An internal systemic treatment that aids nature to rid the system of all poisons.

NATURA TREATS THE CAUSE — IT'S NATURE'S WAY

Another Indiana man makes a good investment when he bought NATURA

Gentlemen—I have been afflicted with catarrh for the past forty-three years. I had a very bad case of stomach trouble; after eating I would bloat until I was in distress; my kidneys were badly affected and I had rheumatism, also had enlargement of the prostate gland. Soon after I began using NATURA I began to improve as I quit bloating which was a great relief to me. I have now used nine bottles of NATURA. It has benefited me more than all other medicines I ever used; my health is better than it has been in years; the money I spent for NATURA is the best investment I ever made. Yours truly,

J. M. BARR, Blountsville, Ind.

NATURA can be obtained through all reliable druggists, but always found at the following progressive dealers in and around Rushville, Ind.: F. E. Wolcott, Hargrove & Mullin, Pitman & Wilson, Rushville, Ind.; Mrs. Stella Davis, Arlington, Ind.; Handy's Drug Store, Mays, Ind.; Grace Drug Store, Milroy, Ind.

TO SEND BARREL OF FRUIT

Wednesday Afternoon Club Plan Gift For Camp Shelby Boys

The Rush county boys at Camp Shelby will receive a barrel of canned fruit and fresh fruit at Christmas time from the members of the Wednesday Afternoon Club of this city. The decision was made at the meeting of the club held this week at the home of Mrs. A. T. Mahin and the 17 ladies present agreed to aid in filling the barrel with fresh fruit and canned dainties that the boys would enjoy. The women sew and knit for Red Cross at their meetings.

Amusements

At the Gem theatre this evening, "A Further Adventure of the Stinger," will be presented which promises to be interesting. Other films that will be shown are, "Land of No Where," and Jerry in "Red, White and Blue." The films present a variety for the program. On Monday a French actress, "Emmy Lynn," will take the lead in, "The Torture of Silence." The picture is described as a drama of startling intensity with an all star cast. It is said to be an artistic triumph, the chief character of which is one of the most beautiful women ever seen on the screen.

"The Tell-Tale Step," will be shown at the Princess theatre this evening in which a very exciting plot is worked out. Shirley Mason plays the lead in excellent style. The comedy to be shown is "Oven the Fence." On Monday, Carlyle Blackwell and June Elvige take leading roles in "Youth," a well known play. The rise of Miss Elvige as a favorite of the screen has been extremely rapid and steady. It was only a few months ago that she was a comparatively unknown actress. Her very striking beauty has helped to put her where she stands today in filmdom.

HUNTER IS ARRESTED

William Manning has been arrested by the police on charges of hunting without a license on William A. Alexander's farm west of the city and for hunting without a permit. He has not entered a plea yet.

SHORTRIDGE GETS "PRACTICE" HERE

Coming Here With Expectation of Winning, Indianapolis Quintet is Defeated 31 to 13.

RUSHVILLE PLAYS GOOD GAME

Displays Flashes of Midseason Form, Especially in Offensive—Takes Lead Early.

The sport pages of the Indianapolis newspapers smugly declared that the Shortridge high school basketball team was coming down here for a "practice" game Friday night and local basketball fans are wondering if they got enough "practice" out of the 31-13 game which the Rushville high school quintet won last night at the Graham Annex gymnasium.

Rushville literally played rings around the visiting ball tossers. The local five showed flashes of midseason form with some of their team work. Signals were working good and passes executed with great skill, in many instances a field goal being made from the toss-up with one or two passes.

Johnnie Keating was the boy who had his eye with him last night when

taking a shot at the basket. He made the first field goal soon after play started and from that time on it was simply a question of how big the score would be. The locals accumulated nine points in the first half of fifteen minutes, to the visitors six, but the Rushville five did not hit its stride until the last half when they made baskets with startling regularity.

The referee, Ross Smith, made some apologies for the Shortridge quintet, explaining that they were not expected to display any midseason form since it was the first game that Shortridge had played with another school in nine years. There has been a ban at Shortridge on interscholastic contests which has only recently been lifted. Shortridge has had interclass games, but has not been represented by a team. The game was rough, but much rougher games have been seen on the floor here. Few fouls were called. L. Ruckelhaus, fast little forward for Shortridge was laid out twice and delayed the game, by coming in contact with one of the iron posts around the floor. John K. Tompkins, Rushville forward, left the game in

the last half when he "bumped heads" with a Shortridge player, and Halbert Brown went in.

The play was almost entirely in the shadow of Rushville's basket in both halves. Rushville guarded well and kept down the visitors' score, but they apparently were better in offensive than defensive work. The summary:

Shortridge (13)	Rushville (31)
Ruckelhaus	Forwards
Shackelford	Keating
Shalleross	Center
Bowen, Short	Guards
Kellum, Hall	Reed
	Norris

First half—field goals, for Rushville, Tompkins 2, Keating 1, Dailey 1; foul goals, Keating 1; for Shortridge, Ruckelhaus 1, Shackelford 1, Shalleross 1.

Second half—field goals, for Rushville, Keating 6, Tompkins 2, Dailey 1, Reed 1; foul goals, Keating 2; for Shortridge, field goals, Ruckelhaus 2, Shackelford 1; foul goals, Shalleross 1.

Referee, Ross Smith.

Red Cross Notes

A new auxiliary has been started in the county for Red Cross work. It was started this week by the ladies of the Methodist Goddard church when a great deal of interest and enthusiasm for the work was manifested. Twenty-five ladies joined at that time and it is probable the membership will increase. The plan is to carry on the knitting and sewing work at the regular meetings of the auxiliary. At the first meeting, it was unanimously voted to have an all day meeting on Wednesday of next week with Mrs. J. R. Dearinger when the ladies will gather at 8:30 in the morning, take their dinners and spend the day in sewing and knitting. At this time Miss Lena Buell will instruct the ladies in knitting articles for Red Cross and Mrs. A. L. Stewart, who has charge of the auxiliaries, will take sample garments of Red Cross supplies to be used as patterns. The auxiliary promises to be a great aid to the county Red Cross work.

The ladies of the Coterie Club will sew at the Red Cross headquarters on Monday afternoon of next week. The ladies are asked to gather at about 2 o'clock.

AMERICANS COMMISSIONED

American Training Camp in France, Nov. 17.—Two Americans, after being graduated at the Fontainebleau artillery school, have received commissions in French artillery regiments. They are Alden Brooks, a writer, and John Monro, son of Henry Monro, a New York banker.

Hammond—The huge electric sign on the plant of the Universal Portland cement company near here, 400 feet long, six feet high, and containing 525 Tungsten lamps, will be discontinued until the end of the war to conserve the coal used to produce the electricity.

Kendallville—Sixty head of good breeding ewes sold at a public sale here brought \$18 a head.

AUSTRO-GERMANS HELD IN CHECK

Nowhere Has Italian Front Been Penetrated Although Enemy Pressure is Strong

INTENSE ARTILLERY DUEL

Rome, Nov. 17.—From Lake Garda to the Adriatic sea, over the Asiago plateau and down the Piave valley, the Italians are holding the Austro-Germans in check. Nowhere has the Italian line been penetrated for important gains, although the enemy pressure is very strong. Teutonic attacks have been repulsed

with heavy losses everywhere in the mountainous region except around Cismon in the Sugana valley northeast of Asiago.

The intense artillery duel continues along the Piave. The invaders have been unable to make further crossings of the river. At the river's mouth the enemy advance has been held up, if not stopped completely, through the Italian action in opening the floodgates of the Piave and Sile rivers, resulting in the inundation of seventy square miles of river farther north have been defeated by the Italians. The Teutonic force which crossed the Zenson is held on the river's bank by the Italians.

ANOTHER TRIUMPH FOR The New Edison

Miss Ida Gardner's singing last Friday night at Main Street Christian Church in direct comparison with the New Edison's re-creation of her voice charmed the vast audience of music lovers and won their heartiest approbation.

Can You Imagine a More Severe Test?

Miss Gardner, last Friday night at the recital, sang several numbers in direct comparison with Thos. A. Edison's re-creation of her voice, rendered by the New Edison Phonograph—and would you believe it, the critical audience could not tell when Miss Gardner was singing and when it was the phonograph, except by watching the artist's lips. Those in the audience realized that Edison has again proved his genius in creating.

The NEW EDISON

"The Phonograph With a Soul."

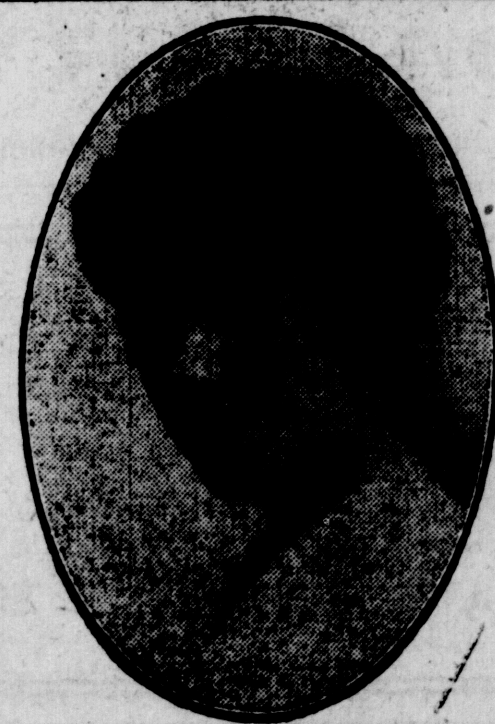

The demands for our Edison Phonograph are far greater than we expected at this season of the year and we are already informed by the factory that certain styles of machines cannot be expected for prompt delivery until after January 1st.

The Rush County National Bank

Rushville, Indiana

The Rush County National Bank is giving 12 Gold Medals for the 12 Best Essays on the History of

The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

PUBLIC SALE

I, the undersigned, having rented my farm, have decided to move to Indianapolis, will make an entire closing out sale of all personal property at my residence, six mile southeast of Rushville, two miles west of Orange, four miles southwest of Glenwood, on what is known as the old Gregg Homestead, on

TUESDAY, NOV. 20th, 1917
BEGINNING AT 10:00 A. M. SHARP

4 HEAD OF HORSES—One gray mare seven years old, sired by Lawrence Direct, dam, the dam of Debo Hal 2:12 1/2, been a mile in 2:30, good family mare, work any place you hitch her. One smooth mouth made by Malatto, good user. Two coming two-year-old colts out of the above named mares. Good prospects.

6 HEAD OF CATTLE—One extra high class milk cow, half jersey and half Holstein. When on full milk will give as much as any cow in Rush county. One full blooded Jersey cow, giving from 3 to 4 gallons of milk a day, milk tests 8%. One Holstein and Shorthorn cow with calf at side, giving four gallons of milk per day, good quality. 1 Jersey and Shorthorn heifer, fresh giving good flow of milk. 1 four-months-old full blooded Jersey heifer. The above named four cows I regard as a whole as good as any four that will be sold in any one sale this fall. Just as good or better than described.

18 HEAD OF HOGS—4 head of brood sows; 3 shoats and 10 head of summer pigs, weaned; 1 boar ten months old, eligible to register. All the above named hogs are pure bred white foot, the kind that defy cholera.

150 HEAD OF PURE BRED MULE WYANDOTTS—200 egg strain. We think as high class a bunch of Wyandotts as was ever grown in Rush county. To be sold in lots to suit purchaser.

HAY AND GRAIN—8 tons of good mixed hay in the mow. 135 shocks of fodder with corn on same, to be sold by the shock.

8 TONS SOFT COAL. 1 SHARE STOCK IN ORANGE TELEPHONE CO. FARMING IMPLEMENTS—1 Studebaker farm wagon, complete; 1 Gale corn planter with fertilizer attachment; 1 Superior wheat drill; 1 one-row Gale corn plow; 1 John Deere walking break plow; 1 steel frame spike-tooth harrow; 1 rubber-tired storm buggy; 1 Empire cream separator, new; 1 250-egg Successful incubator. All the above named tools are just like new, only having been used this year, so take advantage of the rapid advance in the above named stuff that will be in this sale. 1 complete set of brass mounted work harness for two horses; 1 good set of buggy harness, new. A full line of household goods, consisting of bed room suit, dining room suit, feather bed and many other articles too numerous to mention.

TERMS OF SALE—All sums of \$10 and under cash; on above that amount a credit without interest until September 1st, 1918, will be given, purchaser to execute note that meets with the approval of the clerk. All settlements must be made with him. A discount of 5% given for cash. Absolutely nothing to be removed until satisfactorily settled for.

SAVING OF FOOD MIGHT BE DEMAND

If Women do Not Co-operate in Conservation of Food, Laws Might Control

CANADIAN RULES STRICT

Women in This Country Object to Advice and There Are Forced to Follow Laws

(By United Press.)

Indianapolis, Ind., Nov. 17.—State Food Administrator Barnard today warned the housewives that they are being asked to conserve food, and if that request isn't obeyed, they will be ordered to obey the food regulations. He said:

"We are being asked to save food. In Canada consumers are ordered to save it. Beef and pork cannot be served in Canada on Tuesday and Friday and not more than one meal on other days. Bacon does not mean smoked side meat or ham alone. Its definition has been so broadened that it includes most of the hog. The new regulations of Food Controller Hanna include wheat bread and provide that when wheat bread is served some substitute such as corn bread, oat cakes or puddings must also be provided.

"In all public eating places a notice is required to be posted which urges all customers to consider the needs of Great Britain and her allies and her armies for wheat, beef and bacon and to avoid ordering these staples and to use in their stead the wholesome substitutes which are now available. If housewives or restaurant proprietors violate these regulations they are subject to heavy penalties and after the first violation imprisonment.

"These are stringent regulations. The housewives of this country who are chafing under the flood of advice to save—urged upon them by Mr. Hoover and his associates—and who are inclined to resent the orders, may well pause for a moment to consider what the women of Canada are being ordered to do.

"Similar orders may come in this country. They can only be avoided if everyone takes upon himself or herself the obligation to waste not and to save in every way the staples without which we cannot fight."

Ben Sparks Knits Scarf

And a Pair of Wristlets

Ben Sparks is showing his patriotism in a new way for a man. Today he handed in at the Red Cross headquarters a scarf and pair of wristlets which he had knitted himself. The work on them rivals that of some of Rushville's best knitters. Men in many cities have occupied their spare moments in this way but Mr. Sparks is the first in Rushville to make himself known.

Frankfort—Convicted of hunting fur-bearing animals out of season six men paid fines of \$28 each in court here recently.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles.

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed. You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB

FRENCH AVIATOR LAUDS AMERICANS

Major Brocard States Air Fighting be More Important in Future With Americas Aid

U. S. SHAKES GERMAN MORALE

Preparation Must be Thorough and Demands Physical Fitness, as Well as Piloting

(By United Press.)

Paris, Oct. 28. (By Mail)—Major Brocard, chief of Cabinet of the New Minister of Aviation, is the former commander of the famous "Storks Escadrille," which included the most famous French aces, notably Guynemer, who brought down 54 German machines, Dorme, Heurtaux, Doullin, Chanat and de La Tour, who among them have accounted for close on a hundred hostile air-craft. No man in France is better qualified than the major to speak on air fighting, for he has seen it in all its forms, at the Somme, on the Chemin des Dames and in Flanders, where he was in command of the "aviation de chasse."

Shortly after the recent French air-raids over German towns, a United Press correspondent asked Major Brocard for his view on the question of air-bombardments and their efficacy in a military sense and the co-operation of American aviators.

"There can be no doubt," said Major Brocard, "that air bombardments are destined to play an ever bigger role in the future, and there is also no doubt in my mind that the co-operation of American air-squadrons with ours is one of the surest ways of bringing the war home to Germany and shaking her morale. I know what we can expect from American airmen, for I have had several under my orders and I cannot speak too highly of them. As soon as they have had the necessary training, American airmen in conjunction with the French will give a development to aerial warfare which will surprise the Germans. Despite all their efforts, they will not be able to keep pace with the immense effort America is making.

"But the preparation must be thorough, for air fighting is becoming daily more complicated. Apart from the question of piloting, that of marksmanship is all important. Pitched battles between opposing air-fleets, will become more and more frequent, and the demands made on the combatants are severe in the extreme. Courage, coolness and exceptional physical endurance are the first requirements.

"The athletic training of your young men fits them quite exceptionally for the strain of air-fighting, and as there is immense reserve of such embryo-airmen in America, I feel certain that it is in the air that the strength of America's war-power will be first felt. The aerial campaign which is imminent will be of immense importance for the final victory, and during its critical phases America's air-fleet will line the air with ours. That is why we airmen of France know that victory is assured."

\$4,000 DAMAGES SOUGHT

Suit of E. B. Walton Against H. G. Beckner Here on Change of Venue

The suit of Earl B. Walton against Horace G. Beckner for \$4,000 damages has reached the Rush circuit court on a change of venue from the Hancock circuit court at Greenfield. The plaintiff alleges that he was damaged by the defendant in the sum demanded because he did not receive \$8,500 bulbs, shrubs and other stock from a nursery operated by Beckner. Walton sets out that he was selling nursery stock in two southern states and by reason of being unable to get the stock, he lost \$4,000 in profits. He declares Beckner had contracted to provide the stock.

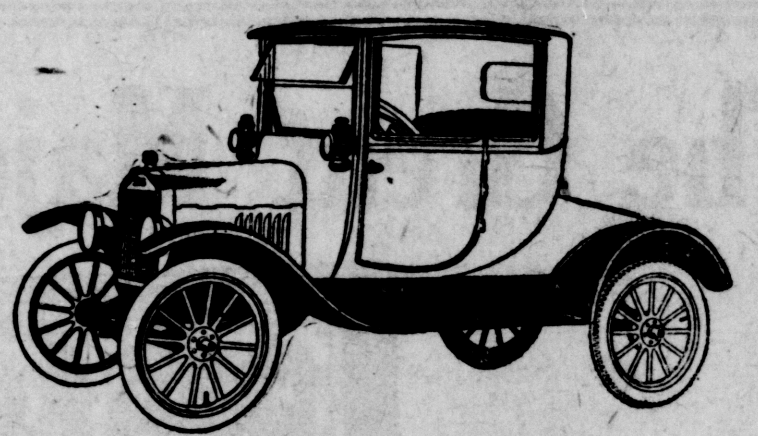

Vincennes—Donned in his wife's outer garments, a red hood and a happy smile, Edward Elkins was arrested here. He said he was out looking for his wayward wife.

Ford

THE UNIVERSAL CAR

The Ford Coupelet is a most practical two-passenger car—with room enough for three. It is really two cars in one—an enclosed car of pleasing appearance for inclement weather, summer and winter, while the large sliding plate glass windows, with removable pillar, make it possible to transform it into a most delightful open car. Top is permanent, saving trouble of raising and lowering. Comfortable deep upholstery—a car of class and comfort. Price \$560 f. o. b. Detroit.

Shoes Built to Our Order From the Ground Up

The principal portion of our splendid stock of shoes was built to our order, especially to accommodate our exclusive customers. And we instructed the makers to build them FROM THE GROUND UP.

So they started on the ground piece—the sole—with solid leather, and put in honest work and honest material until the shoe was complete.

This enables us to offer you an honest shoe and we have put on them an honest price.

Yes, we have sold shoes cheaper in former years, but when you see the EXCELLENCE OF OUR SHOES you will say they are cheap enough.

SHOULD BURN THE GARDEN RUBBISH

Dead Vegetable Vines Harbor Germs Which Can Attack The Crops Next Year

PLANS FOR EARLY GARDEN

Garden if Plowed Now Will be in Better Condition to Receive Crops in Spring

(Written for United Press.)
Washington, Nov. 17.—Garden sanitation is the cleaning up of all vegetable rubbish from the garden

and destroying the portions which have been diseased even though crops were produced.

It seems like a great waste of vegetable matter to burn the dead tomato vines, bean vines and other plant tops which have been diseased but this should be done because to save or compost these for fertilizer would simply be maturing and saving millions of disease spores which would attack the crops next year. More than this, a clean garden appeals to the eye and to the pride of the owner as a winter landscape.

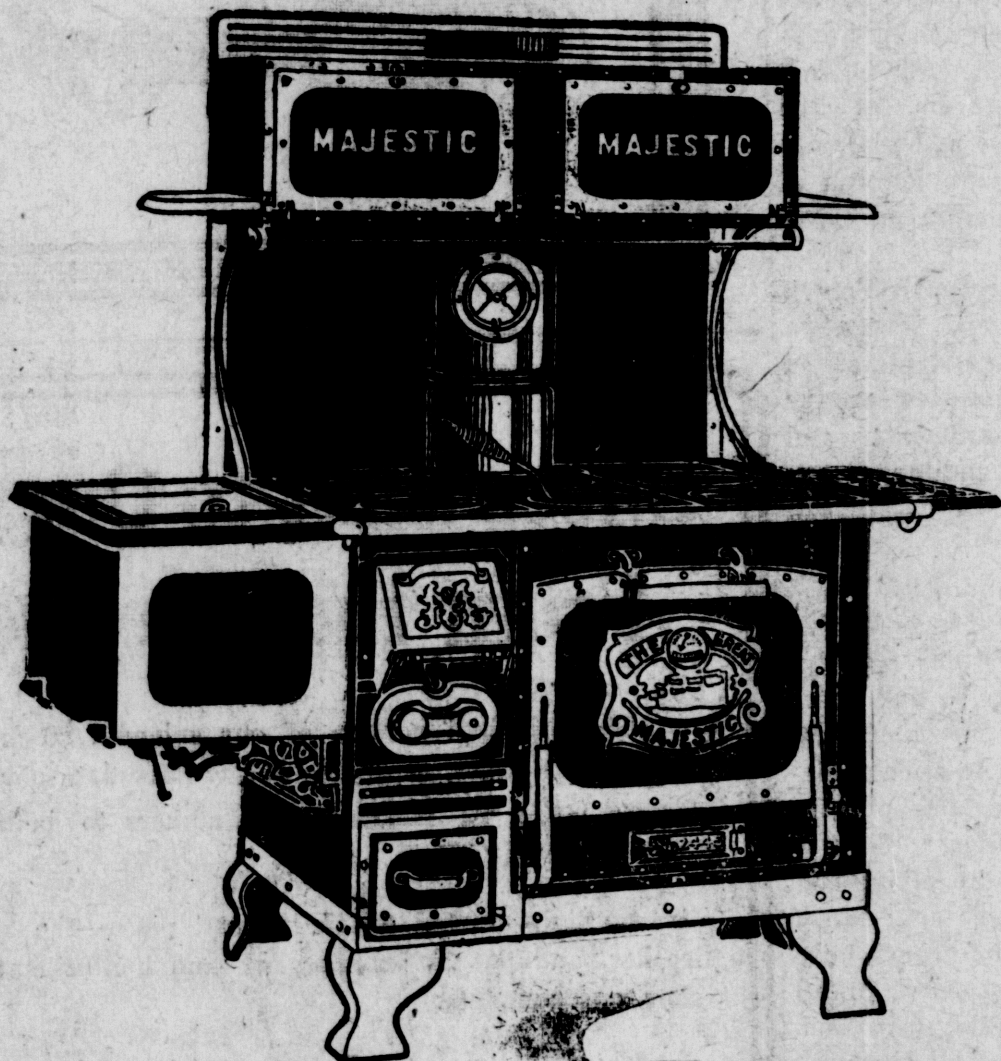

Corn stalks, cabbage leaves and stumps, beet tops, if not canned, and other healthy plants should be saved for mulching or be added to the compost heap.

In planning for the early garden, the earliest planted crops like peas,

turnips, spinach and potatoes should be placed together at one side and the ground for them plowed or spaded this fall. The object of this is to have this ground in planting condition early in the spring. If plowed in the fall it will dry out and be in shape for planting much sooner than the unplowed portion could be worked.

This plowed part can be fitted with the garden cultivator, wheel hoe or garden hoe and be planted as early as the season permits. In this way two or three weeks may be gained and may make all the difference between success and failure of the earliest crops. Garden peas, particularly, thrive best in the cool, early spring, and the crop must be made before hot weather begins.

Before The Price Goes Up Buy Your GRANT SIX

WHEN the present price of the GRANT Six is increased it is not at all likely that you will ever again be able to buy a Six so cheaply. The man who buys a GRANT Six right now is certain to save \$100 and probably more.

In all the list of popular-priced cars there is not the equal of the GRANT Six in economy, in riding comfort, in ease of control, in sturdiness.

The building of a car of the GRANT Six quality at so low a price will long remain one of the distinctive achievements of the industry.

Its overhead-valve engine, full-floating rear axle, cantilever rear springs, and its splendid electrical equipment, are not only unusual features in a car of such low price but have made the GRANT Six a serious competitor of more expensive cars.

We do not know how many more GRANT SIXES we can get from the factory at the present price. Order yours now.

BRITISH OFFICER TAKES 20 GERMANS

Germans Think Large Machine Gun in Fog Manned by Several Instead of One Man

WRECKS HOSTILE POST ALONE

(By United Press.)
London, Oct. 28. (By Mail).—In a dense fog, a British officer with an active machine-gun looked so much like a tank that twenty German soldiers surrendered to their lone opponent in one of the recent Flanders battles.

In the thick of the engagement the officer rushed a hillock seventy or eighty feet high outside Poelcapelle and began to spray with his machine-gun a group of enemy about thirty strong, who were keeping up sweeping volleys against the slopes of the rise.

Three of his companions crawled from hole to hole, bringing him fresh supplies of ammunition. He quickly wrecked the hostile advanced post and the surprised German was holding them in check. A

FRENCH ACADEMY HONORS JOFFRE

Victor of Marne Placed Among Immortals—Those Honored Usually Have to Pay Calls

FORMALITY FOR HIM

(By United Press.)
Paris, Oct. 20. (By Mail).—The claim to immortality of the Victor of the Marne is indisputable. The French Academy, however, wishes to make assurance doubly sure by electing Marshall Joffre among its "Immortals."

The only cases where purely military merit has been crowned by the French Academy are those of Marshalls d'Estrees, Villars and de Belle-Isle. Candidates for academic honors have of late been obliged to pay "duty-calls" on the Academicians before going up for election.

In the case of Marshall Joffre this formality will be waived, as he is notoriously too modest to consent to make any effort on his own behalf. Besides for, "Papa Joffre" there is only one absorbing interest and that is to get on with the war.

man was holding the min check. A dense fog added to their bewilderment and fear and one of them declared he saw a tank standing behind the hill.

The others hastened to accept this fable and suddenly twenty Germans were seen to raise their arms, crying: "Kamerad!" The embarrassed officer, to secure his prisoners, had to summon the assistance of another English section.

The funeral services of Wilbur Webber will be held at the Main Street Christian church Sunday afternoon at 2:00 o'clock, conducted by the Rev. Mr. Parker, a Christian minister of this city. Burial will take place in the East Hill Cemetery. Friends may call at the house at any time.

ELECTRIC SHIP BECOMES REALITY

Editor of Magazine Prophesies Before Close of War New Vessels Will be Electric

BRITISH OBSERVE THEM

(By United Press.)
London, Oct. 28. (By Mail).—Britain is becoming very much interested in the electrically propelled ship, which was first developed on a large scale by the United States Navy.

The Editor of the "Electric Times," in a recent interview said:

"The electric ship is no longer a dream but a reality and I should not be surprised to find, within a few years of the close of the war, every new vessel of any size driven, steered, stopped, reversed or turned, merely by pressing a series of buttons on the bridge."

"British shipbuilders now have their eyes on the possibilities of the electric drive for big liners and merchant ships and it is hardly to be questioned that our Admiralty is less alive than the United States Navy Department to the superior merits of the system."

F. H. DeTray has filed suit in the circuit court against Erling Falk for \$200 on notes. Mr. Falk is president of the Modern Appliance company.

That little pain—that little bloating—that little headache—that little heartburn—that little nausea—that bad feeling and misery after eating. Take heed and look to it. Take Pepsinco. It'll make you feel fit. Your food will digest. That load will disappear and the pain will leave instantly.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign. Pepsinco is used by for stomach ills. Guaranteed to thousands. It is the best remedy help the stomach or money refunded. Your druggist sells it on that guarantee.

STATE GIFT NEAR A HALF MILLION

Actual Figures Show \$450,000 so Far Contributed to Y. M. C. A. Fund in Indiana.

LEADS IN BOYS CAMPAIGN

This District is Far Over its Quota of Money Pledged by Young Men For Y. M.

Indianapolis, Ind., Nov. 17.—According to the latest figures at the state headquarters of the War Council of the Y. M. C. A. the state has contributed close to a half million dollars thus far in the campaign. Actual figures showed \$450,000 contributed with several districts yet to hear from.

The largest contribution received was \$50,000 from the Standard Oil Co., of Indiana, which was made through the Hammond district.

The fourth day of the campaign in Indianapolis showed that the city had passed over the half-way point with something better than \$151,000. The largest contributions were: Arthur Newby, \$2,000; W. H. Coleman, \$1,500; W. H. Block, Charles C. Perry, \$1,000 each. A number of subscriptions of \$500 were reported.

Booth Tarkington, the author, contributed \$100. An old woman selling apples at the Stock Yards hunted up the committee and contributed \$1 "for the boys," saying she could not do much, but she wanted to help.

The Indianapolis committee, after passing over the half way mark formed a parade and pushed the armored car over to the "last trench" and when the full quota is reached, will push the car "over the top." This car is used to show the progress of the campaign instead of a clock or thermometer.

The state campaign workers who have the boys' campaign in hand are gratified at the results being obtained over the state for members of the "First Hundred Thousand" a movement designed to enlist boys under 18 years old in contributing \$10 each to the fund. Thus far the Greensburg district has gone far over its quota, with Anderson following with 80 per cent and Vincennes close behind. The members of the "First Hundred Thousand" agree to work for the \$10 and pay it in as they earn it. Each boy will receive an engraved certificate showing what he has done.

Chicago Detective Combats Auto Robbers With Tank

(By United Press.)

Chicago, Nov. 17.—Motor bandits are flourishing to such an extent that James L. Mooney, chief of detectives, has designed a sort of pocket edition "tank" to combat them. He will mount a machine gun on the hoods of police automobiles used in pursuing bandits.

GOOD ATTENDANCE AT U. P. INSTITUTE

Congregational Meeting Closes With An Inspiring Address by Dr. A. W. Jamieson of Xenia

DR. D. D. DODDS ALSO SPEAKS

Dr. A. W. Jamieson, of Xenia, O., and formerly of this city gave an inspiring address last evening at the United Presbyterian church before a congregational institute, on the subject, "Stewardship," which was followed by a round table discussion in which Dr. David D. Dodds of Xenia took the lead. The afternoon meeting was given over to the subject of "Soul Winning," with an address by Dr. Dodds and round table discussion. During the day, a number of worthwhile suggestions were given on these two subjects.

A number of people from the congregations of the United Presbyterian churches at Glenwood and Mays attended the institute yesterday. There was a good attendance at each session. These congregational meetings are being held in the United Presbyterian churches all over the country.

FIVE STILL QUARANTINED

Diphtheria Epidemic is Improving, Health Authorities Say

As the diphtheria situation stands now, there are five cases which are still in quarantine and four positive "carriers." The remaining children who had been quarantined as "carriers" have been released since the report of the culture of their throats came back negative. The authorities feel that the epidemic is gradually improving. Beginning on Monday the children in Junior high school at the Graham school will be examined. All of the children in the grades in each school in the city have been examined, at least those that have attended school within the past few weeks.

KEEP PENNIES CIRCULATING

Banks Advise People Not to Hoard Them and Cause Shortage

One solution to the penny shortage problem is to keep the pennies in circulation. The Rushville banks have so far been able to supply the demand for pennies but the public can aid by not hoarding them in banks. Now that the season for penny suppers has started, people should not keep the pennies received for change but keep them in circulation and aid the banks solve the problem.

cially discharged. Harry Clark was discharged some time ago and Faud Harcourt of Milroy came home Thursday, having been rejected on account of physical unfitness.

The calling of the last third of the drafted men included in the first quota has been held up to allow time for the completion of cantonments in some parts of the country; also to get full clothing equipment. Later the war department has been awaiting overcoats, because they are needed at the camps since winter has set in.

BOYS GLEE CLUB TO SING

The Boys Glee Club of the high school will make their first appearance this season when they sing tomorrow evening at the Epworth League meeting at St. Paul's M. E. church. The meeting will begin at 6 o'clock and the public is invited to attend. A very interesting program is to be given at the meeting. Miss Kathryn Wooden is to lead, E. B. Thomas will speak and Mrs. Mert Wolcott will give a talk. A Thanksgiving social will be given by the League on Friday evening of next week.

POINTERS FOR MANAGING HOGS DURING THE WINTER

(Written by G. I. Christie, Purdue University)
Breed for as early litters as con-

ditions on the farm will permit.
Have sows bred as closely together as possible.
It pays to keep a record of farrowing dates.
Feed balanced rations.
Keep the sows gaining in flesh.

See that the sows have abundance of exercise.
The hog house should be clean, roomy and comfortable.
Do not feed ice water.
Be on the guard against lice and diseases.

One Good Reason for Battery Care

Every year more and more cars depend on the battery for ignition.

This is one of the greatest testimonials to the Willard dependability.

It's also a big reason for preserving that dependability by proper care of the battery.

For if the spark fails there's "nothing doing."

If the starter fails, you can use the crank. If a lamp burns out you can replace it. But if the battery fails it means, "get a rope."

It's our business to help you avoid that possibility and with Willard quality and Willard Service it's easy.

Stop in and we'll put you wise.

JACK-RABBIT MAKES GOOD FOOD

Train Loads of Rabbits Shipped to New York and Received Good Prices.

WINTER SHIPPING EXTENSIVE

Thousands of Rabbits Killed in One Day When Hunters Form a "Round Up."

Oakley, Kan., Nov. 17.—The despised Kansas jack rabbit is coming into his own. For years the long-eared speedster of the plains has been considered a pest almost equal to the coyote, to be killed and let lie. A Kansan would never think of eating a jack rabbit.

Last winter food profiteers from the cities began casting for new fields and hit upon the jack rabbit. They shipped out frozen rabbits by the train-load and marketed them in New York at a good price.

In western Kansas the jack rabbit is a pest. He ruins young orchards, eats alfalfa and generally overruns the country. To combat the plague nearly every county holds "roundups." On an appointed day hunters form in a huge hollow square and slowly converge driving the rabbits before them. When the "jacks" begin to try breaking through the lines they are clubbed to death. It is not uncommon for thousands of rabbits to be killed in a single "round up."

Until last winter the carcasses had always been left where the rabbits were killed. Last season, however, the profiteers began buying rabbits and shipping them to eastern markets in refrigerator cars. Kansans who visited New York cafes were surprised to see the same old jack rabbits they had turned up their noses at all their lives served as "hares" and bringing an astounding price.

This winter the shipping of rabbits will be more extensive than ever. Already buyers are arranging big hunts and preparing to start shipping.

BREWING COMPANIES ANTICIPATE CHANGE

Legislature of 1919 May Allow Serving of Beers and Light Wines

MAKING OTHER PRODUCTS

(By United Press.)

Evansville, Ind., Nov. 17.—Brewery interests in this city are expecting the 1919 legislature to modify the prohibition law passed last spring to allow serving of beer and light wines.

The Cook Brewery company will be unable to use their plant for any other purpose than making beer unless the entire building is remodeled and all new machinery installed. The Evansville brewery has made some preparations for meeting prohibition by making light drinks. In about a month the manufacture of cider will be started. They are now canning fruit, especially apples and also a near beer product.

CHURCH HAS HONOR ROLL

U. P. Congregation Honors Men Who Have Gone to War

The United Presbyterian church has established an honor roll of its members and adherents who have gone to war. The honor roll has been placed in the Sabbath school room and contains the following names: Lieut. Lowell M. Green; Serg. Major Chas. B. Stiffler, Corp. Paul C. Coons, Privates Donald Pease, Ira Fultz, Carl Dudgeon, Faye H. Wylie, Marion Finney and Frank Horr.

Hammond—The huge electric sign on the plant of the Universal Portland cement company near here, 400 feet long, six feet high, and containing 525 Tungsten lamps, will be discontinued until the end of the war to conserve the coal used to produce the electricity.

Kendallville—Sixty head of good breeding ewes sold at a public sale here brought \$18 a head.

With The Churches

—Homer Christian Union church, the Rev. P. O. Orrt, pastor: Sabbath school at 9:30 a. m. and preaching by the pastor at 10:30 a. m. and 7 p. m.; Christian Endeavor at 7 o'clock each Thursday evening. A revival meeting will start at this church Thanksgiving evening. The public is cordially invited to all of the services. At the Rays Crossing Christian Union church, of which the Rev. Mr. Orrt also is pastor, will hold Sabbath school at 9:30 a. m. and class meetings at 10:30 a. m. Midweek prayer meeting is held every Wednesday evening at seven o'clock.

—Arlington Methodist church, F. M. Westhafer, pastor: Bible school, 9:30 a. m.; preaching by the pastor at 10:30 a. m. and 7 p. m.; Epworth League, 6 p. m.; W. G. Richey, president. The pastor will also preach at the Franklin Methodist church in the afternoon at 2:30. Everyone is invited to the services. The new furnace has been installed in the Arlington church, insuring a comfortable house.

—The services for the First Presbyterian church for Sunday are: 7:00 a. m. Quiet Hour; Sunday school at 9:30 a. m.; 10:30 Divine Worship, preaching by the pastor on the subject, "The Great Commission." There will be no evening service on account of the union patriotic meeting at the Methodist church. Prayer meeting, Thursday evening at 7:30.

—Services will be held at the Main Street Christian church here Sunday as follows: Sabbath school at 9:15 a. m.; W. E. Anderson, head chaplain of the United States Asiatic fleet, home on a leave of absence, will preach at 10:30 a. m. and 7 p. m. at the Union meeting at the M. E. church.

—First Baptist church, C. J. Bunnell, pastor, residence 612 N. Morgan street, Phone No. 1911: Sunday school, 9:30; Preaching service at 10:45, subject for the sermon, "God's Appeal to Men." Services Sunday evening will be in connection with the union patriotic service at the M. E. church.

—The services for the United Presbyterian church for Sunday are as follows: 9:30 Bible school; 10:45 preaching by the pastor; Young Peoples meeting at 6:00. The congregation will join in the Union meeting which will be held at the St. Paul's M. E. church at 7:00.

—The services for the Glenwood United Presbyterian church for Sunday are Bible school at 1:30 and preaching by the pastor at 2:15 p. m.

—St. Paul's M. E. church—Sunday school, 9:30; divine worship, 10:30, sermon theme, "More Than Conquerors;" Epworth League at 6:00 p. m.

PROFITEERING IN COAL TO BE STOPPED

County Fuel Administrator Will Report Cases Similar to That of Woman in This County.

CHARGED \$5.50 TON FOR COAL

No Objections to Individuals Selling Coal if They Get Fair Profit—Can't Get Hard Coal.

There is a woman in Rush county who would outshine Croesus if given the opportunity. She is not a coal dealer and has never been a coal dealer, but recently she nabbed a car of Indiana coal and sold it for \$5.50 a ton.

That little transaction netted her between \$50 and \$100 and cost her no trouble whatever. She was out nothing. She has no investment like coal dealers and she had no upkeep expenses.

Regular coal dealers in Rush county are charging from \$4.50 to \$5.00 a ton for Indiana coal, so that it is apparent that she charged from 50 cents to a dollar more than the market price, taking advantage of the shortage and doing a little profiteering on her own account.

This story is cited for a reason. The county fuel administrator, S. L. Trabue, knows this woman and that she has charged more than she should for the coal. Mr. Trabue is not going to report her case to the state fuel administrator, taking it for granted that she did not realize she was violating the federal fuel regulations, but any other cases of this sort will be brought to the attention of the federal district attorney in Indianapolis, L. Ert Slack, who would most certainly prosecute.

The fuel administration has no objection to any individuals buying coal, as much of it as they can get, and retailing it, but they must not charge more than what is considered a fair price. If they do, they will be reported.

The county fuel administrator emphasized today that he had nothing whatever to do with hard coal. The fuel administration is restricted to Indiana coal entirely.

The county fuel administrator would very much like to send in an order tonight to the state fuel administration for eight cars of coal because he believes that he can get it. At noon he had requests for only three cars, but was trying to make arrangements to have some Rushville dealers take at least four cars. Falmouth wants two cars and Carthage one.

Rushville dealers have been doing very well, however. One has received sixteen cars in the last eighteen days, an average of almost a car a day, without the aid of the fuel administration, but the other two dealers have received only about half that much, including two cars obtained through the fuel administration.

The fuel administrator's records show ten of thirteen cars ordered have reached this county—Milroy receiving three, Carthage two, Rushville two, Falmouth two and Arlington 1. Carthage, Milroy and Sexton each have a carload coming.

800 TURKS ARE TRAPPED

(By United Press.)

London, Nov. 17.—A trapped Turkish force of nearly 800 men was practically wiped out by the British approaching Jerusalem last Thursday, it was officially announced here today. In the attack 431 Turks were killed and 360 surrendered, many of them wounded.

MONITORS FIGHT LAND TROOPS

(By United Press.)

London, Nov. 17.—British monitors are in action against German Austrian troops in the marshes of Vechia, striving to hold back the Teutonic invaders from Venice. This announcement came from Rome.

80 NAMES PUT ON PETITION

Rebekahs and Odd Fellows Urge Passage of Purple Cross Bill

Over eighty names were added to the Purple Cross petition at the all day meeting held in the Odd Fellows hall on Thursday when a large number of the Rebekahs and Odd Fellows signed the petition signifying their wish that the bodies of the soldiers killed abroad may be returned to their homes for burial. The petition is to be sent to the congressmen of this state urging that they do all in their power to pass the Purple Cross Bill. This addition makes a total of about 130 names on the petition, which may be signed at Fred Caldwell's E. E. Polk's, Hargrove & Mullin's or Farmer's Trust Company.

INDIANAPOLIS MAN IS NAMED TRUSTEE

John F. Boesinger Will Wind up Affairs of Modern Appliance Co.—To Appraise Holdings

SALE IN TWO OR THREE WEEKS

The creditors of the Modern Appliance company elected John F. Boesinger of Indianapolis trustee in bankruptcy at the meeting at S. L. Trabue's office and the company's holdings will be appraised next week in preparation for a sale, which will likely be held within two or three weeks.

Mr. Boesinger has been acting as temporary receiver for the concern, having been appointed by Judge A. B. Anderson, of the federal court in Indianapolis after several large creditors on Thursday, October 18, filed an involuntary petition in bankruptcy and asked the appointment of a temporary receiver.

Everything possessed by the company will be sold, including all stock on hands, the building and real estate. It was stated today that the appraisement would be the first thing next week.

INJURIES SUSTAINED IN SAWMILL FATAL

Charles Duncan of Sandusky Dies at Hospital Here—His First Day at the Mill

HIS BODY BADLY MANGLED

Resulting from injuries incurred when he fell backward into a circular saw in the saw mill at Sandusky yesterday morning, Charles Duncan, 22, died last evening at 8:30 o'clock at the Dr. Sexton hospital in this city. From the first, it was thought that the injuries might prove fatal but the wounded man exhibited great courage in spite of his suffering. His right arm was severed four inches below the shoulder, a large piece of flesh was cut from the left arm, his upper lip was torn and his face and body badly mangled.

Yesterday was the first time that Mr. Duncan had worked in the mill. He did not feel well enough to work in the corn field and had just happened into the saw mill and offered to help Mr. Spurlin and Bob Seright, the only men in the mill at the time. He deposited some lumber near the saw and apparently stumbled, falling backward into the saw. The mill belongs to Isaac Spurlin of Sandusky.

Mr. Duncan is survived by his mother, Mrs. Joe Jackson, one half-sister, Florence Jackson, and two half-brothers, Edward and Carl Jackson, the latter of whom is in the Navy. The funeral services will be held at the Methodist church in Sandusky tomorrow. The time has

ENLISTMENT FOR WAR PERIOD ONLY

Byron Cowing Notified Regulations Regarding Recruiting For Artillery Are Changed

TO INTEREST WHOLE COUNTY

Visits Arlington to Get Recruits and Will go to Other Towns—Half of Peace Strength

Approximately half of the regimental peace strength has already been reaching for the Second Indiana Artillery, for which Byron Cowing of this city is recruiting a platoon, and if the enlistments continue at the present rate in the state, the ranks will be filled by December first, instead of December 15, which is the last date set for enlisting.

Mr. Cowing went to Arlington last night, put up advertising matter, and encouraged interest in enlistment. He will also visit other points in the county. A meeting will be held in the sheriff's office at the court house on Tuesday evening of next week at 7:30 o'clock, when all men between the ages of 18 and 45 who are interested in the platoon are urged to attend.

An order has come to Mr. Cowing to change the enlistment blanks to read "for the existing emergency" instead of "for the period of three years in service and three years in reserve." All enlistments now are for the period of the war and at the end of the war all National Guardsmen will be mustered out and will not be held in further service. Men under 18 years of age cannot be enlisted, even with their parents consent. A call is sent for specialists in the platoon with such trades as saddlers, horseshoers, mechanics, horsemen and cooks, and one man who is a stenographer is needed for the entire battery.

In answer to the question when the men enlisted in this platoon will go into Federal service, it depends upon when war strength is reached. To do this each battery must have 120 men, then be mustered into the National Guard after which they will go into Federal service. The men enlisting in this will be exempted from the next National Army quota of the draft, which is expected about the first of January. Instead of being subject however, to individual call, the regiment will be subject to call as a unit. The raising of this regiment is not defeating the conscription; it is aiding it. Men who have been summoned to be examined for the National Army can

Continued on Page 2.

KERENSKY REPORTED TO BE IN FLIGHT

Bloody Fighting in Petrograd is Succeeded by Negotiations for Compromise Government.

BOLSHEVIKI ARE IN CONTROL

(By United Press.)

Washington, Nov. 17.—Petrograd was still under Bolshevik control yesterday and the Russian situation was chaotic, according to unofficial Stockholm advices reaching here today.

Petrograd, Nov. 17.—Bloody fighting was succeeded by a negotiation for a compromise government today. Premier Kerensky's whereabouts are unknown and he is reported to be in flight. Negotiations are in progress between the Maximalists and modern socialist leaders.

Petrograd was generally quiet today after sanguine fighting. A destructive battle was fought at Gatchina and Tsarkoe-Selo. For three days Kerensky's provincial govern-

Y. M. C. A. DRIVE TO CLOSE TOMORROW

Final Effort Will be Made at Men's Meeting Sunday Afternoon and Union Meeting at Night

W. E. ANDERSON WILL SPEAK

Rush County is Under Its Quota of \$7,500—Canvassers Are Busy in Every Township

Center is the banner township in the Y. M. C. A. campaign so far since the report came in at noon today that \$565 had been raised there, making \$165 over the quota for that section and that the canvassing had been completed. Orange township also brought in surprising results with the news, that \$204 of the township's quota of \$350 had been raised. One hundred and five dollars of this amount came from the corner of the township which is almost entirely populated by Germans. These people appreciated the value of the Y. M. C. A., gave their funds willingly and some even called for the solicitors to come to their homes, before they had been solicited for contributions.

A big day has been planned for tomorrow to complete the Y. M. C. A. drive in which Rush county will raise the sum of \$7,500. Tomorrow afternoon at 2 o'clock, W. E. Anderson, head chaplain of the Asiatic fleet, will address the men telling of the religious influences of the Y. M. C. A. in the navy. Mr. Anderson will speak from a wealth of personal experience and the men of Rushville should avail themselves of the opportunity to get an inside view of army life.

The meeting will be held at the Methodist church, instead of the Christian church as was formerly announced. The meeting has been changed on account of the funeral of Wilbur Webber which will be held at the Christian church. The union meeting in the evening will also be held at the Methodist church and will begin at seven o'clock. The public is invited and urged to attend this meeting.

Tomorrow, the drive for funds will be completed. The canvassers have worked zealously for the good cause and will continue to do so until the goal is reached. A number of people have willingly contributed, but a number of others will have to do so before the amount that Rush county should send to the

Continued on Page 2.

AMERICANS PUT ON FRENCH ROLL OF FAME

Fifteen Are Honored by French General Including Three Who Were First to Give Lives.

By J. W. PEGLER.

(U. P. Staff Correspondent.)

American Field Headquarters, Nov. 17.—Fifteen American heroes were inscribed on the roll of fame by a French general today—the first regular American army soldiers fighting on French soil to achieve this honor.

Among the fifteen were three American soldiers who were the first to give up their lives in action—Privates Gresham, Hay and Wright. The other twelve were the American soldiers who recently repulsed a raid.

The citation read: "Despite a rain of from 8,000 to 10,000 shells the Americans persisted with grenades, rifles and pistols forcing a numer-

COLLAR BONE IS BROKEN

Russel Moore Sustains Injury When Horse Runs Away

Russell Moore's collar bone was broken last night when the horse which he was driving ran away, turning over the buggy and throwing out the three boys that were in the buggy. The young men were on their way to a box social at the Circleville school house when the horse was frightened and ran away, in spite of their efforts to stop it. When the buggy went over the other two boys were thrown on top of Mr. Moore. He is the son of Mr. and Mrs. Seth Moore of south of the city.

SKILLED LABORERS MAY BE CONSCRIPTED

New Draft Regulations Made Public Today Indicate Such a Thing is Possible

TO BE USED AS LAST RESORT

(By United Press.)

Washington, Nov. 17.—Conscription of skilled labor for military service may become a fact under the new draft regulations made public today.

"When the national interest is better served by inducting such men into military service, than by leaving them engaged in an industry or agriculture, neither deferred classification nor the order number assigned can be permitted to defer the call of such men into the military service, say the regulations. "Use of such labor in the military service would take any form national necessity requires, but probably would be in munition factories, chemical laboratories and skilled work at the front or behind the lines.

The conscription of expert labor however, will not be resorted to, it was indicated, by the provost general's office today unless the required men can not be found among the regularly drafted men.

The new regulations are co-incident with the division of eligibles into five classes and the circulation of the official questionnaires which have been discussed in previous announcements.

NOMINATES LOCAL MAN FOR THE JOB

County Council of Defense Recommends Him As County Industrial Administrator

ALREADY IN PUBLIC RESERVE

The County Council of Defense yesterday afternoon decided to recommend a Rushville man for county industrial administrator. A well known man who is already a member of the United States Public Reserve and who has evinced a wide interest in war work was recommended, but his name can not be made public until the recommendation is confirmed at Washington by making the official appointment. This man consented to accept the appointment.

The County Council of Defense is not quite clear in regard to the exact duties of this administrator, but it is presumed that he will be asked to list all men of the county who are especially skilled at any trade or profession and whose services might be available to the government in the emergency created by the war with Germany. The qualifications are that the administrator shall not be identified with any large industrial concern or any labor union. The nominee fills the re-

BOARD ANSWERS ALL QUESTIONS

Sends Replies Regarding Operation of Draft in Rush County to Provost Marshal

BELIEVES AGE LIMIT RIGHT

Indications Are Congress Will Make Arrangements to Register Men Attaining Age of 21

The county army selection board has finished answering questions regarding the draft and mailed them to the provost marshal at Washington. The board is now awaiting the new rules and regulations which have been printed to regulate the operation of the draft when the next call comes. The questionnaires which contain questions that registered men will have to answer so the selection board can classify them, have not reached here yet, but are expected any time. The subject matter of the questionnaires has been made public.

The replies which the board have just mailed to Washington are evidently asked by the provost marshal to get some idea of how the draft worked in various sections of the country. Many of the questions called for the personal opinion of the members of the board as, for example, one asked if the board believed the draft age limits should be lowered or increased. The board expressed the belief in its answer that the draft age should remain as it is until the remaining nine million registrants are exhausted.

The best available estimates indicate the first of the five classes into which all draft registrants are to be divided will contain more than 2,000,000 men, subject for duty with the colors before any man in any other class will be called up. It is regarded as practically certain that the congress will take up the question of extending the draft law to cover men who have attained the age of twenty-one since it was enacted. Should that be done and provision made for the registration thereafter of every man as he reached that age, it is probable that perhaps 600,000 would be added to Class 1 automatically by next March. In that event no present plans for the army would reach the men in Class 2.

Officials have already considered the possibility that the congress will decide to take in these additional young men. Some fair system by which they may be registered, classified and assigned to places will be devised. New regulations to be published shortly probably will set a way in which this can be done.

Washington dispatches say that it has been made at the provost marshal's office that all exemptions and discharges previously made under the selective draft law are revoked by the new regulations. The man who was exempted either by a local or a district board is placed on the same basis as all other registrants who are not in the service. Married men with dependents have as a rule obtained certificates of exemption. The new order cancels all these certificates. While married men are not exempted as a class under the new rules, men with dependent wives or children are placed so far down in the list that they will not be liable to call for several years.

Mobilization orders for the remaining men to fill up the first quota called are expected within a week, or two weeks at the very latest, according to Washington advices. Rush county, legally "owes" Camp Taylor, Ky., twenty-two men on its first quota, but will have to send twenty-six since the board has received official notice of two rejections at the camp and will receive notice of the other two soon. Samuel R. Ferguson and Thurman Downing were the two off-

"Best in the Long Run"

The Want Ad Column Should Interest You Every Day

To Our Customers

On account of the radical advance in price of our entire line of merchandise, and, in order to have on hands at all times the quantity of merchandise required for the transaction of our business, we are compelled to increase our investment in stock, which in turn has compelled us to change our terms.

Customers, who have accounts with us, are requested to call and have their accounts balanced and arrange to settle same either with cash, bankable notes, or arrange for weekly payments on same.

Formerly we could buy in any quantities on very liberal terms and in turn we gave as liberal terms to our customers. Then foods were cheaper and our accounts accordingly low.

But it is vastly different now. Wholesale dealers don't extend credit as they did because they can't and the manufacturers and packing houses demand cash on delivery—all to reduce the cost of selling.

We do not wish to be misunderstood in this matter, and we are not casting any reflection whatsoever on your credit standing. We are taking this step to improve our service to you and to place us in better position to help you combat the high cost of living.

We expect to make this change profitable to you in your everyday buying, and to make it so noticeable that in the near future you will thank us for the change and the saving we have been allowed to make for you.

Our prices will continue to speak for themselves, as everyone knows they have spoken far and near for the past four years, but now they will speak still louder of our service and prices.

We thank you kindly for the past patronage, and assure you that, with your continued co-operation, we will make this change a success in every particular.

Yours truly,

BROWN BROS.,

Grocers.

Rushville, Ind., Nov. 13, 1917

We will continue to pay you the highest market prices for your produce, either in cash or trade.

Beginning Monday, Nov. 19, 1917, we will conduct our business on a Strictly Buy for Cash and Sell for Cash Basis. No other terms. No accounts. One price to all.

JAMES ARTHUR POWELL EXPIRES AT MADISON

Remains Will Arrive This Evening And Funeral Will Take Place at Late Residence

WIDOW AND 3 CHILDREN LEFT

James Arthur Powell died last evening at the Southeastern Indiana Hospital at Madison at the age of seventy-four years, following a prolonged illness. Until he went to the hospital he had made his home in this city at 312 West Second street. Mr. Powell is survived by the widow, a daughter, Mrs. Omer Green, two sons, Walter Powell of Anderson and Raugh Powell of Greentown.

The funeral services will be conducted at the home Monday afternoon at one-thirty o'clock with burial at East Hill cemetery. The remains will arrive this evening on the 6:50 Pennsylvania train.

Y. M. C. A. DRIVE TO CLOSE TOMORROW

Continued From Page 1

front for the men who are in the Red Triangle huts, will be completed.

It is the hope of the workers in charge of the fund that practically every one in the county will have a share in the fund, for their own good as well as for the good of the men, at the front who plead that the Y. M. C. A. be supported. Canvassers in every township in the county are busy at work and it remains for the people to help them.

This is a story that will make Hoosier fathers and mothers "take notice" and maybe make them see what the Y. M. C. A. has to combat in France. Reginald Wright Kauffman is describing conditions:

"I went along a curving street in a little village to the single hotel. The shutters were closed, letting no light out and no air in—closed against all sound. I entered, stumbled down a stinking hall, and opened the door to a narrow room.

"It was filled with a glare of lamp-light and the mixtures of fumes from oil and undigested drink and from dirt centuries stale. And wedged among these fumes were other things; not the French peasants, thrifty and temperate, who drink their light wines, liberally diluted by water, and hurry to their homes—not these but others who drink their wine straight and their liquor, too. And here and there among them a girl—not the sort of a girl you know. No nor yet the sort that would be given more than a pitying glance in America. No houri, no Delilah—they were the off-scourings of the stews of the little towns, thrown out upon the highways and creeping by night into the only spot in all France that would give them shelter and trade—the crowded village inn—

"These boys—these soldiers whom conditions almost force to such a place—they will fight bravely. They will win our war—

"But then what? "They are not bad or vicious. They are not lonely: they are in need only of either human companionship—or forgetfulness.

"That, employ of yours—is he one of them?

"Is your sweetheart one?

"Is your SON?

"The officers of the American expeditionary forces in France are doing their best, but the conditions just faintly indicated are conditions that the strictest discipline and most thorough military measures can alleviate but little. Do you wonder why the Y. M. C. A. is called on to help?"

That is why it is up to every person in Indiana to contribute to the War Work fund now being raised in this state. It is a duty—if yours comes home clean.

ENLISTMENT IS FOR WAR PERIOD ONLY

Continued From Page 1

not be enlisted in this regiment.

Red buttons bearing the words "Second Indiana Field Artillery" are to be given to the men who have enlisted, and have passed the physical examination. An interest has been created here in the regiment and several young men have signified their intention of enlisting in the platoon in this city.

GAVE HER DELICATE CHILD VINOL

It Built Him Up and Made Him Strong

Newaygo, Mich.—"My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Hanlon.

Mothers of weak, delicate, ailing children are asked to try this famous cod liver and iron tonic on our guarantee. Children love to take it.

FURTHER CASUALTIES AMONG THE AMERICANS

Enemy Shell Hits Gun and Shrapnel Wounds Several Men in The Trenches

SOME OF WOUNDED MEN DIE

With the American Army in France, Nov. 17.—The artillery fighting in the sector held by American troops has become even more lively and there have been further casualties, shrapnel wounding some men in the trenches.

An enemy shell hit an American gun today and caused casualties. Some of the men wounded in the last two days have died.

BRITISH ROUT THE GERMAN CRUISERS

Enemy Warships Are Pursued During Flight From the Battle of Helgoland.

ENGAGEMENT THIS MORNING

(By United Press.)

London, Nov. 17.—British light forces today engaged German light cruisers off Helgoland, the British admiralty announced. The German warships retired and they were closely chased by the British.

The official announcement follows: "British light forces operating in Helgoland fight have been engaged with German light forces this morning. The only information we have received thus far is that our vessels have engaged enemy light cruisers, that the latter have retired at high speed and that our vessels are in pursuit."

VILLISTAS ENCIRCLE JUAREZ

(By United Press.)

El Paso, Texas, Nov. 17.—An advance guard of alleged Villista forces today encircled the city of Juarez across the river from El Paso. The bandits so far have made no effort to attack, apparently waiting for reinforcements. Their outposts are plainly visible from the tower to the cathedral here.

THANKFUL FOR HEROISM

Indianapolis, Ind., Nov. 17.

"Let us be thankful that the spirit of patriotism and heroism of '76, '61 and '98 are abroad in the land," said the Thanksgiving proclamation issued by Gov. James P. Goodrich today.

Scudder and Miss Jeanette Clark left early this morning for Louisville for a week-end visit with Capt. Perry Oneal and Robert Humes at Camp Taylor. Mr. and Mrs. Oneal went in the new Sedan which the Captain has purchased for use at the Camp.

—Henry Knotts and family motored to this city from Falmouth to spend the day.

LABOR WILL ENTER AMERICAN POLITICS

This is Significance of Federation Today Changing Its Meeting Time to June

PRACTICALLY A THIRD PARTY

(By United Press.)

Buffalo, N. Y., Nov. 17.—By a vote of 215 to 21 the American Federation of Labor today determined to abandon its life-long non-partisan attitude and actively enter American politics next year.

This action took the form of a resolution to change the by-laws to provide for the annual election,

instead of November after the election.

It is said by leaders to change the entire complexion of the organized labor unions in this country, amounting to practically the organization of a third party in opposition to the republican and democratic parties.

This vote assures a strong labor force to the congressional elections next fall. The American Federation of Labor convention hereafter will be looked upon almost as much of a presidential nominating convention as either the republican or democratic conventions.

—Mrs. Fannie Lewis and son John went to Indianapolis this morning and attended the matinee this afternoon of "Cure for Curables."

FREIGHT RAISE SUSPENDED

(By United Press.)

Indianapolis, Ind., Nov. 17.—The public service commission today entered the order temporarily suspending the fifteen per cent increase in class freight rates which the railroads of Indiana had arranged to become effective next Monday. A hearing will be held and the commission will go over new evidence and whatever new rate it may decide on will be fixed.

FORCES RIVER; REPULSED

(By United Press.)

Rome, Nov. 17.—After forcing passage of the Piave river at two points, enemy troops were driven back across the stream, it was officially announced today.

FOOD RATIONS POSSIBILITY

This is Report H. E. Barnard Brings From Washington Conference.

(By United Press.)

Indianapolis, Ind., Nov. 17.—If present food conditions continue the government will be compelled to adopt the "ration system to citizens," according to H. E. Barnard, federal food administrator for Indiana, who returned from Washington today from a conference with state food administrators and Herbert Hoover.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

MULTIPLY BY TWO

the life of your shoes by having us repair them in the modern way. In these days of constant mounting shoe prices, the cost of footwear is a matter of serious consideration. So don't throw away your old shoes. Let us look at them to see if we cannot make them serviceable and presentable again.

To Suppress Disloyalty

The American Defense society has started a campaign to urge congress to enact a law which will impose adequate punishment on persons or organizations responsible for pro-German activities, for the publication of public utterances or statements of a seditious or disloyal nature. It commends itself to the earnest consideration of all Americans. The form of campaign which the society will use is to circulate petitions all over the United States, to be signed by voters urging the passage of such a law by congress. One of the petitions is at the Daily Republican office and may be signed by anyone interested.

The American Defense society has been waging a successful campaign against various forms of pro-German activities throughout the entire country and in its appeal for the support of congress, is doing a worthy work to help stamp out those influences that clog the wheels of a successful prosecution of this war, which is the nation's chief business.

The use of the printed petition, plus the personal efforts of all patriots will aid in making a success the presentation of this most serious question for national recognition. The might of incensed public opinion has proved a most influential factor in the shaping of administration policies. There is no question of the success of any work when properly directed through the right channels, having as its main object the attaining of a conclusive victory against Prussianism. This line of activity comes under the society's motto of "Serve at the Front—or—Serve at Home." Each and every man can do their bit in this community.

"Safe For Democracy"

Just at this time the world is anxiously inquiring the inward meaning of President Wilson's immortal phrase, "safe for democracy."

Just what is "safe," and just what is "democracy?"

In the first place, safety, while it must contain the element of freedom, must not grant license.

Safety means security—of the individual, the group, the community, the state, the nation, the world—security from the forceful encroachment of others. It must carry with it exemption from violence.

Likewise democracy means freedom—of the individual, the group, the community, the state, the nation, the world—freedom in the enjoyment of life, liberty and the pursuit of happiness.

But freedom, made absolute, would nullify safety and result in anarchy. Therefore freedom must be bounded by equity.

The divine principle of right decrees that none shall climb to success on the downfall of another. Your brother's unmerited loss must not be your gain. And this must apply not only to individuals, but to voluntary groups, communities, states, nations. It must be world-wide.

this principle, we have the very essence of democracy.

When all individuals and groups shall recognize the rights of other individuals and groups, and concede them, then will the world be "safe for democracy."

If any are inclined to paraphrase Pilate and ask, "What is Right?" we would answer, an equitable allotment of the opportunities of earth and of life.

Patriotism at so Much Per

Some criticism of Vice-President Marshall has been aroused in the west by his dealing out patriotism at so much per head—whatever the admission at the box office happens to be. The vice-president is billed to deliver a patriotic address at Butte, Mont., on November 22 under the auspices of a lyceum bureau and very naturally there is a charge to get in so that one may hear how to be patriotic. This aroused the ire of the Butte Miner, the democratic paper at Butte, which expresses itself as follows:

"For any one in these days to lecture on patriotism and demand pay for so doing presents about the most flagrant case of profiteering that can be imagined and for a Vice President even to lay himself open to a charge of this kind cannot help being humiliating to a very large class of loyal minded citizens."

To Bernadette: Seven billion dollars war loan. And you might mention to your master that there are many more millions where these came from.

What has become of the old

Can the Bolsheviki Strangle Free Russia?

No hopeless view of the Bolsheviki uprising in Petrograd is taken by American editorial observers altho it is frankly recognized that the plan for a separate Russo-German peace might help solve Germany's food problem and release many German soldiers from the Eastern front. In the view of an Associated Press correspondent, just returned from Petrograd, however, the uprising gives the Bolsheviki the rope with which to hang themselves, and this view is shared by the well-informed *Russkoye Slovo*, a Russian daily published in New York.

"The Bolsheviki may occupy all the palaces and strongholds of Petrograd," remarks this Russian journal, "as they did during their insurrection last July; they may impose their will briefly upon the members of the Government and claim control of the capital, but they can not dominate for more than a brief period, the indignant, loyal forces of the Russian nation."

For a clear explanation and understanding of the causes leading up to, and the possible outcome of, the overturning of the Kerensky Government you should read THE LITERARY DIGEST for November 17th. By direct quotation from leading journals, American and foreign, the reader is able to obtain a clear knowledge of all the facts in this very critical juncture in the world's war.

Other subjects that will claim your interest in this number of THE DIGEST are:

Special, Commencing This Week—"War-Time Food Problems"

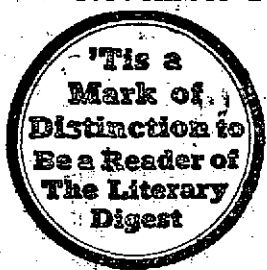

PREPARED BY THE U. S. FOOD ADMINISTRATION AT WASHINGTON

Under the heading "War-Time Food Problems," THE LITERARY DIGEST will hereafter contain an important department, the material for which is prepared especially for "The Digest" by the United States Food Administration.

This new department will contain authoritative and practical information for every man, woman, and child in America. Methods for saving money in buying food and cooking it; recipes for health-giving and economic dishes; how excessive profits are being curtailed; what to do to prevent overcharging; how you can cooperate for your own benefit and the benefit of the American people, and for our sons who are upholding American manhood in the training camps in this country and on the battle-fields of Europe; these are just a few of the subjects that will be covered each week.

This Department is ideally adapted for use in high schools and includes lesson-plans to make the information available for classroom use.

NATURA

has no equal for the treatment of all forms of Catarrh.
An internal systemic treatment that aids nature to rid the system of all poisons.
NATURA TREATS THE CAUSE — IT'S NATURE'S WAY
Another Indiana man makes a good investment when he bought NATURA

Gentlemen—I have been afflicted with catarrh for the past forty-three years. I had a very bad case of stomach trouble; after eating I would bloat until I was in distress; my kidneys were badly affected and I had rheumatism, also had enlargement of the prostate gland. Soon after I began using NATURA I began to improve as I quit bloating which was a great relief to me. I have now used nine bottles of NATURA. It has benefited me more than all other medicines I ever used; my health is better than it has been in years; the money I spent for NATURA is the best investment I ever made. Yours truly,
J. M. BARR, Blountsville, Ind.

ATTENTION! Farmers and Feeders

The RUSH CO. MILL is running day and night for the Government. Feed is stocking up on us and we will make special prices to Feeders in ton lots and up. We have the best Mill Feeds on the market and feeders had better take advantage of this opportunity and lay in a good supply, as it will be impossible to buy Mill Feeds next spring.

We are in the market for Old White Corn at a fancy price. Will also be in the market for all the New White Corn in Rush County at a premium.

We also want to buy your Baled Hay and Straw.

We are still paying \$2.08 for No. 2 Wheat.

TO SEND BARREL OF FRUIT

Wednesday Afternoon Club Plan Gift For Camp Shelby Boys

The Rush county boys at Camp Shelby will receive a barrel of canned fruit and fresh fruit at Christmas time from the members of the Wednesday Afternoon Club of this city. The decision was made at the meeting of the club held this week at the home of Mrs. A. T. Mahin and the 17 ladies present agreed to aid in filling the barrel with fresh fruit and canned dainties that the boys would enjoy. The women sew and knit for Red Cross at their meetings.

Amusements

At the Gem theatre this evening, "A Further Adventure of the Stinger," will be presented which promises to be interesting. Other films that will be shown are, "Land of No Where," and Jerry in "Red, White and Blue." The films present a variety for the program. On Monday a French actress, "Emmy Lynn," will take the lead in, "The Torture of Silence." The picture is described as a drama of startling intensity with an all star cast. It is said to be an artistic triumph, the chief character of which is one of the most beautiful women ever seen on the screen.

"The Tell-Tale Step," will be shown at the Princess theatre this evening in which a very exciting plot is worked out. Shirley Mason plays the lead in excellent style. The comedy to be shown is "Oven the Fence" On Monday, Carlyle Blackwell and June Elvige take leading roles in "Youth," a well known play. The rise of Miss Elvige as a favorite of the screen has been extremely rapid and steady. It was only a few months ago that she was a comparatively unknown actress. Her very striking beauty has helped to put her where she stands today in filmdom.

HUNTER IS ARRESTED

William Manning has been arrested by the police on charges of hunting without a license on William A. Alexander's farm west of the city and for hunting without a permit. He has not entered a plea yet.

SHORTBRIDGE GETS

"PRACTICE" HERE

Coming Here With Expectation of Winning, Indianapolis Quintet is Defeated 31 to 13.

RUSHVILLE PLAYS GOOD GAME

Displays Flashes of Midseason Form, Especially in Offensive—Takes Lead Early.

The sport pages of the Indianapolis newspapers smugly declared that the Shortridge high school basketball team was coming down here for a "practice" game Friday night and local basketball fans are wondering if they got enough "practice" out of the 31-13 game which the Rushville high school quintet won last night at the Graham Annex gymnasium.

Rushville literally played rings around the visiting ball tossers. The local five showed flashes of midseason form with some of their team work. Signals were working good and passes executed with great skill, in many instances a field goal being made from the toss-up with one or two passes.

Johnnie Keating was the boy who had his eye with him last night when

taking a shot at the basket. He made the first field goal soon after play started and from that time on it was simply a question of how big the score would be. The locals accumulated nine points in the first half of fifteen minutes, to the visitors six, but the Rushville five did not hit its stride until the last half when they made baskets with startling regularity.

The referee, Ross Smith, made some apologies for the Shortridge quintet, explaining that they were not expected to display any midseason form since it was the first game that Shortridge had played with another school in nine years. There has been a ban at Shortridge on interscholastic contests which has only recently been lifted. Shortridge has had interclass games, but has not been represented by a team.

The game was rough, but much rougher games have been seen on the floor here. Few fouls were called. L. Ruckelhaus, fast little forward for Shortridge was laid out twice and delayed the game, by coming in contact with one of the iron posts around the floor. John K. Tompkins, Rushville forward, left the game in

the last half when he "bumped heads" with a Shortridge player, and Halbert Brown went in.

The play was almost entirely in the shadow of Rushville's basket in both halves. Rushville guarded well and kept down the visitors' score, but they apparently were better in offensive than defensive work. The summary:

Shortridge (13) Rushville (31)
Ruckelhaus Forwards Keating
Shackelford Tompkins
Shallecross Center Dailey
Bowen, Short Guards Reed
Kealum, Hall Norris

First half—field goals, for Rushville, Tompkins 2, Keating 1, Dailey 1; foul goals, Keating 1; for Shortridge, Ruckelhaus 1, Shackelford 1, Shallecross 1.

Second half—field goals, for Rushville, Keating 6, Tompkins 2, Dailey 1, Reed 1; foul goals, Keating 2; for Shortridge, field goals, Ruckelhaus 2, Shackelford 1; foul goals, Shallecross 1.

Referee, Ross Smith.

Society

The Misses Clara Archey and Emily Morgan will entertain with a party at Milroy this evening, complimentary to Miss June Lines a bride-to-be, whose wedding will take place next Wednesday. The girls who will enjoy the affair will be Miss Lines, Miss Bennett, who is the house guest of Clara Archey and the Misses Freda Morgan, Ellenore Lampton, Carrie Brown, Mable Morris, Allene Murr and Lala Harcourt.

The members of the F. A. R. C. E. club and several guests, who were Mr. and Mrs. William Bosley, Mr. and Mrs. John Jackman and Mrs. Mary Eberedge were delightfully entertained by Dr. and Mrs. John Francis last evening at their home in Milroy. The guests were entertained with Rook, Mrs. W. T. Lampton and John Jackman being the prize winners. Refreshments were served. Mr. and Mrs. Perry Innis will entertain the club in two weeks.

Miss Gladys Bebout entertained six of her girl friends with a picnic supper last evening at her home in North Maple street. The table was tastefully decorated with a bowl of heartsease and a tempting three course supper served. The girls attended the Shortridge-Rushville basketball game after supper. The guests included the Misses Loretta Talkington, Louise Hogsett, Allene Green, Lena Vaughn, Hazel Stoops and Helen Dugan.

The members of the Evening card club and one extra table of guests were entertained by Mr. and Mrs. Bert Mullin last evening at their home in North Perkins street. Five Hundred made a lively amusement for the guests and the hostess served elegant refreshments. Mrs. Wilbur Stiers will be hostess to the club in two weeks.

Thirteen members of the Friday Afternoon Embroidery club and ten guests spent a most enjoyable afternoon with Mrs. Revilo Ferguson, at her home in North Morgan street yesterday. The ladies knit for the soldiers and the hostess served a course luncheon. Mrs. Albert Fleebart will entertain the club next Friday afternoon.

The members of the Wednesday Afternoon Club were pleasantly entertained on Wednesday afternoon of this week at the home of Mrs. A. T. Mahin. Seventeen members were present and spent the afternoon in knitting and sewing. The hostess served a delicious salad course. Mrs. Charles Osman will have the next meeting of the club.

The officers of the senior class of the Milroy high school will entertain the members of the class with an informal party at the school building next Tuesday evening.

Jack Mahan entertained with a little birthday party at his home in Arlington today, honoring his sixth

FACE EACH OTHER ALONG RIO GRANDE

American and Villista Troops Patrol River in Plain View of Each Other All Night.

PLANS TO RESIST ATTACK

Presidio, Texas, Nov. 17.—American troops watched the north bank of the Rio Grande while Villa's cavalry patrolled the river on the Mexican bank in plain view of each other all night. On the mesa above the river the camp fires of the Villa troops in the town of Ojinaga could be seen plainly from Presidio.

Villa's tired troops spent their fourth night in the town last night and were expected to leave today for the desert again. Colonel George T. Langhorne, commander of the United States forces here, carried out every precautionary measure used when an attack on the American town was expected, but the tenseness of the situation appeared to have passed and residents of Presidio slept throughout the night without fear of a raid.

Fifty wounded Carranza and Villa soldiers are in the temporary hospital, many of them lying on the dirt floors with scant covering.

KILL BULL MOOSE IN CANADA

Greensburg, Ind., Nov. 17.—Two hind quarters of a bull moose, weighing 112 pounds each, killed near La Tuque, Quebec, by William Robbins and Everett Arbuckle, local men, who have returned from a trip to Canada, were sliced up by a butcher and given to their friends. The men hunted for several weeks, but succeeded in killing only one moose.

Red Cross Notes

A new auxiliary has been started in the county for Red Cross work. It was started this week by the ladies of the Methodist Goddard church when a great deal of interest and enthusiasm for the work was manifested. Twenty-five ladies joined at that time and it is probable the membership will increase. The plan is to carry on the knitting and sewing work at the regular meetings of the auxiliary. At the first meeting, it was unanimously voted to have an all day meeting on Wednesday of next week with Mrs. J. R. Dearinger when the ladies will gather at 8:30 in the morning, take their dinners and spend the day in sewing and knitting. At this time Miss Lena Buell will instruct the ladies in knitting articles for Red Cross and Mrs. A. L. Stewart, who has charge of the auxiliaries, will take sample garments of Red Cross supplies to be used as patterns. The auxiliary promises to be a great aid to the county Red Cross work.

The ladies of the Coterie Club will sew at the Red Cross headquarters on Monday afternoon of next week. The ladies are asked to gather at about 2 o'clock.

AMERICANS COMMISSIONED

American Training Camp in France, Nov. 17.—Two Americans, after being graduated at the Fontainebleau artillery school, have received commissions in French artillery regiments. They are Alden Brooks, a writer, and John Monro, son of Henry Monro, a New York banker.

Hammond—The huge electric sign on the plant of the Universal Portland cement company near here, 400 feet long, six feet high, and containing 525 Tungsten lamps, will be discontinued until the end of the war to conserve the coal used to produce the electricity.

Kendallville—Sixty head of good breeding ewes sold at a public sale here brought \$18 a head.

AUSTRO-GERMANS HELD IN CHECK

Nowhere Has Italian Front Been Penetrated Although Enemy Pressure is Strong

INTENSE ARTILERY DUEL

Rome, Nov. 17.—From Lake Garda to the Adriatic sea, over the Asiago plateau and down the Piave valley, the Italians are holding the Austro-Germans in check. Nowhere has the Italian line been penetrated for important gains, although the enemy pressure is very strong. Trench attacks have been repulsed

with heavy losses everywhere in the mountainous region except around Cison in the Sugana valley northeast of Asiago. The intense artillery duel continues along the Piave. The invaders have been unable to make further crossings of the river. At the river's mouth the enemy advance has been held up, if not stopped completely, through the floodgates of the Piave and Sile rivers, resulting in the inundation of seventy square miles of river farther north have been defeated by the Italians. The Tenth force which crossed the Zenson is held on the river's bank by the Italians.

ANOTHER TRIUMPH FOR The New Edison

Miss Ida Gardner's singing last Friday night at Main Street Christian Church in direct comparison with the New Edison's re-creation of her voice charmed the vast audience of music lovers and won their heartiest approbation.

Can You Imagine a More Severe Test?

Miss Gardner, last Friday night at the recital, sang several numbers in direct comparison with Thos. A. Edison's re-creation of her voice, rendered by the New Edison Phonograph—and would you believe it, the critical audience could not tell when Miss Gardner was singing and when it was the phonograph, except by watching the artist's lips. Those in the audience realized that Edison has again proved his genius in creating.

The NEW EDISON

"The Phonograph With a Soul."

The demands for our Edison Phonograph are far greater than we expected at this season of the year and we are already informed by the factory that certain styles of machines cannot be expected for prompt delivery until after January 1st.

The Rush County National Bank

Rushville, Indiana

The Rush County National Bank is giving 12 Gold Medals for the 12 Best Essays on the History of

The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

PUBLIC SALE

I, the undersigned, having rented my farm, have decided to move to Indianapolis, will make an entire closing out sale of all personal property at my residence, six mile southeast of Rushville, two miles west of Orange, four miles southwest of Glenwood, on what is known as the old Gregg Homestead, on

TUESDAY, NOV. 20th, 1917

BEGINNING AT 10:00 A. M. SHARP

4 HEAD OF HORSES—One gray mare seven years old, sired by Lawrence Direct, dam, the dam of Deho Hal 2:12, been a mile in 2:30, good family mare, work any place you hitch her. One smooth mouth made by Mulatto, good user. Two coming two-year-old colts out of the above named mares. Good prospects.

6 HEAD OF CATTLE—One extra high class milk cow, half jersey and half Holstein. When on full milk will give as much as any cow in Rush county. One full blooded Jersey cow, giving from 3 to 4 gallons of milk a day, milk tests 8%. One Holstein and Shorthorn cow with calf at side, giving four gallons of milk per day, good quality. 1 Jersey and Shorthorn heifer, fresh giving good flow of milk. 1 four-months-old full blooded Jersey heifer. The above named four cows I regard as a whole as good as any four that will be sold in any one sale this fall. Just as good or better than described.

18 HEAD OF HOGS—4 head of brood sows; 3 shoats and 10 head of summer pigs, weaned; 1 boar ten months old, eligible to register. All the above named hogs are pure bred mule foot, the kind that defy cholera.

150 HEAD OF PURE BRED WHITE WYANDOTTS—200 egg strain. We think as high class a bunch of Wyandotts as was ever grown in Rush county. To be sold in lots to suit purchaser.

HAY AND GRAIN—8 tons of good mixed hay in the mow. 135 shocks of fodder with corn on same, to be sold by the shock.

8 TONS SOFT COAL. 1 SHARE STOCK IN ORANGE TELEPHONE CO. FARMING IMPLEMENTS—1 Studebaker farm wagon, complete; 1 Gale corn planter with fertilizer attachment; 1 Superior wheat drill; 1 one-row Gale corn plow; 1 John Deere walking break plow; 1 steel frame spike-tooth harrow; 1 rubber-tired storm buggy; 1 Empire cream separator, new; 1 250-egg Successful incubator. All the above named tools are just like new, only having been used this year, so take advantage of the rapid advance in the above named stuff that will be in this sale. 1 complete set of brass mounted work harness for two horses; 1 good set of buggy harness, new. A full line of household goods, consisting of bed room suit, dining room suit, feather bed and many other articles too numerous to mention.

TERMS OF SALE—All sums of \$10 and under cash; on above that amount a credit without interest until September 1st, 1918, will be given, purchaser to execute note that meets with the approval of the clerk. All settlements must be made with him. A discount of 5% given for cash. Absolutely nothing to be removed until satisfactorily settled for.

SAVING OF FOOD MIGHT BE DEMAND

If Women do Not Co-operate in Conservation of Food, Laws Might Control

CANADIAN RULES STRICT

Women in This Country Object to Advice and There Are Forced to Follow Laws

(By United Press.)

Indianapolis, Ind., Nov. 17.—State Food Administrator Barnard today warned the housewives that they are being asked to conserve food, and if that request isn't obeyed, they will be ordered to obey the food regulations. He said:

"We are being asked to save food. In Canada consumers are ordered to save it. Beef and pork cannot be served in Canada on Tuesday and Friday and not more than one meal on other days. Bacon does not mean smoked side meat or ham alone. Its definition has been so broadened that it includes most of the hog. The new regulations of Food Controller Hanna include wheat bread and provide that when wheat bread is served some substitute such as corn bread, oat cakes or puddings must also be provided.

"In all public eating places a notice is required to be posted which urges all customers to consider the needs of Great Britain and her allies and her armies for wheat, beef and bacon and to avoid ordering these staples and to use in their stead the wholesome substitutes which are now available. If housewives or restaurant proprietors violate these regulations they are subject to heavy penalties and after the first violation imprisonment.

"These are stringent regulations. The housewives of this country who are chafing under the flood of advice to save—urged upon them by Mr. Hoover and his associates—and who are inclined to resent the orders, may well pause for a moment to consider what the women of Canada are being ordered to do.

"Similar orders may come in this country. They can only be avoided if everyone takes upon himself or herself the obligation to waste not and to save in every way the staples without which we cannot fight."

Ben Sparks Knits Scarf

And a Pair of Wristlets

Ben Sparks is showing his patriotism in a new way for a man. Today he handed in at the Red Cross headquarters a scarf and pair of wristlets which he had knitted himself. The work on them rivals that of some of Rushville's best knitters. Men in many cities have occupied their spare moments in this way but Mr. Sparks is the first in Rushville to make himself known.

Frankfort—Convicted of hunting fur-bearing animals out of season six men paid fines of \$28 each in court here recently.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles.

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed."

You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. MCB

FRENCH AVIATOR LAUDS AMERICANS

Major Brocard States Air Fighting be More Important in Future With Americas Aid

U. S. SHAKES GERMAN MORALE

Preparation Must be Thorough and Demands Physical Fitness, as Well as Piloting

(By United Press.)

Paris, Oct. 28. (By Mail)—Major Brocard, chief of Cabinet of the New Minister of Aviation, is the former commander of the famous "Storks Escadrille," which included the most famous French aces, notably Guynemer, who brought down 54 German machines, Dorme, Heurtaux, Doullin, Chanat and de La Tour, who among them have accounted for close on a hundred hostile air-craft. No man in France is better qualified than the major to speak on air fighting, for he has seen it in all its forms, at the Somme, on the Chemin des Dames and in Flanders, where he was in command of the "aviation de chasse."

Shortly after the recent French air-raids over German towns, a United Press correspondent asked Major Brocard for his view on the question of air-bombardments and their efficacy in a military sense and the co-operation of American aviators.

"There can be no doubt," said Major Brocard, "that air bombardments are destined to play an ever bigger role in the future, and there is also no doubt in my mind that the co-operation of American air-squadrons with ours is one of the surest ways of bringing the war home to Germany and shaking her morale. I know what we can expect from American airmen, for I have had several under my orders and I cannot speak too highly of them. As soon as they have had the necessary training, American airmen in conjunction with the French will give a development to aerial warfare which will surprise the Germans. Despite all their efforts, they will not be able to keep pace with the immense effort America is making.

"But the preparation must be thorough, for air fighting is becoming daily more complicated. Apart from the question of piloting, that of marksmanship is all important. Pitched battles between opposing air-fleets will become more and more frequent, and the demands made on the combatants are severe in the extreme. Courage, coolness and exceptional physical endurance are the first requirements.

"The athletic training of your young men fits them quite exceptionally for the strain of air-fighting, and as there is immense reserve of such embryo-airmen in America, I feel certain that it is in the air that the strength of America's war-power will be first felt. The aerial campaign which is imminent will be of immense importance for the final victory, and during its critical phases America's air-fleet will line the air with ours. That is why we airmen of France know that victory is assured."

\$4,000 DAMAGES SOUGHT

Suit of E. B. Walton Against H. G. Beckner Here on Change of Venue

The suit of Earl B. Walton against Horace G. Beckner for \$4,000 damages has reached the Rush circuit court on a change of venue from the Hancock circuit court at Greenfield. The plaintiff alleges that he was damaged by the defendant in the sum demanded because he did not receive \$8,500 bulbs, shrubs and other stock from a nursery operated by Beckner. Walton sets out that he was selling nursery stock in two southern states and by reason of being unable to get the stock, he lost \$4,000 in profits. He declares Beckner had contracted to provide the stock.

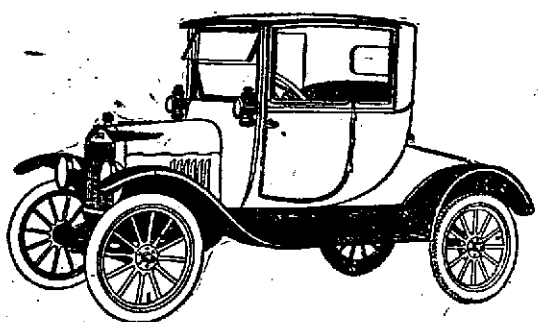

Vincennes—Donned in his wife's outer garments, a red hood and a happy smile, Edward Elkins was arrested here. He said he was out looking for his wayward wife.

Ford THE UNIVERSAL CAR

The Ford Coupelet is a most practical two-passenger car—with room enough for three. It is really two cars in one—an enclosed car of pleasing appearance for inclement weather, summer and winter, while the large sliding plate glass windows, with removable pillar, make it possible to transform it into a most delightful open car. Top is permanent, saving trouble of raising and lowering. Comfortable deep upholstery—a car of class and comfort. Price \$560 f. o. b. Detroit.

SHOULD BURN THE GARDEN RUBBISH

Dead Vegetable Vines Harbor Germs Which Can Attack The Crops Next Year

PLANS FOR EARLY GARDEN

Garden if Plowed Now Will be in Better Condition to Receive Crops in Spring

(Written for United Press.)

Washington, Nov. 17.—Garden sanitation is the cleaning up of all vegetable rubbish from the garden

and destroying the portions which have been diseased even though crops were produced.

It seems like a great waste of vegetable matter to burn the dead tomato vines, bean vines and other plant tops which have been diseased but this should be done because to save or compost these for fertilizer would simply be maturing and saving millions of disease spores which would attack the crops next year. More than this, a clean garden appeals to the eye and to the pride of the owner as a winter landscape.

Corn stalks, cabbage leaves and stumps, beet tops, if not canned, and other healthy plants should be saved for mulching or be added to the compost heap.

In planning for the early garden, the earliest planted crops like peas,

turnips, spinach and potatoes should be placed together at one side and the ground for them plowed or spaded this fall. The object of this is to have this ground in planting condition early in the spring. If plowed in the fall it will dry out and be in shape for planting much sooner than the unplowed portion could be worked.

This plowed part can be fitted with the garden cultivator, wheel hoe or garden hoe and be planted as early as the season permits. In this way two or three weeks may be gained and may make all the difference between success and failure of the earliest crops. Garden peas, particularly, thrive best in the cool, early spring, and the crop must be made before hot weather begins.

Before The Price Goes Up Buy Your GRANT SIX

WHEN the present price of the GRANT SIX is increased it is not at all likely that you will ever again be able to buy a Six so cheaply. The man who buys a GRANT SIX right now is certain to save \$100 and probably more.

In all the list of popular-priced cars there is not the equal of the GRANT SIX in economy, in riding comfort, in case of control, in sturdiness.

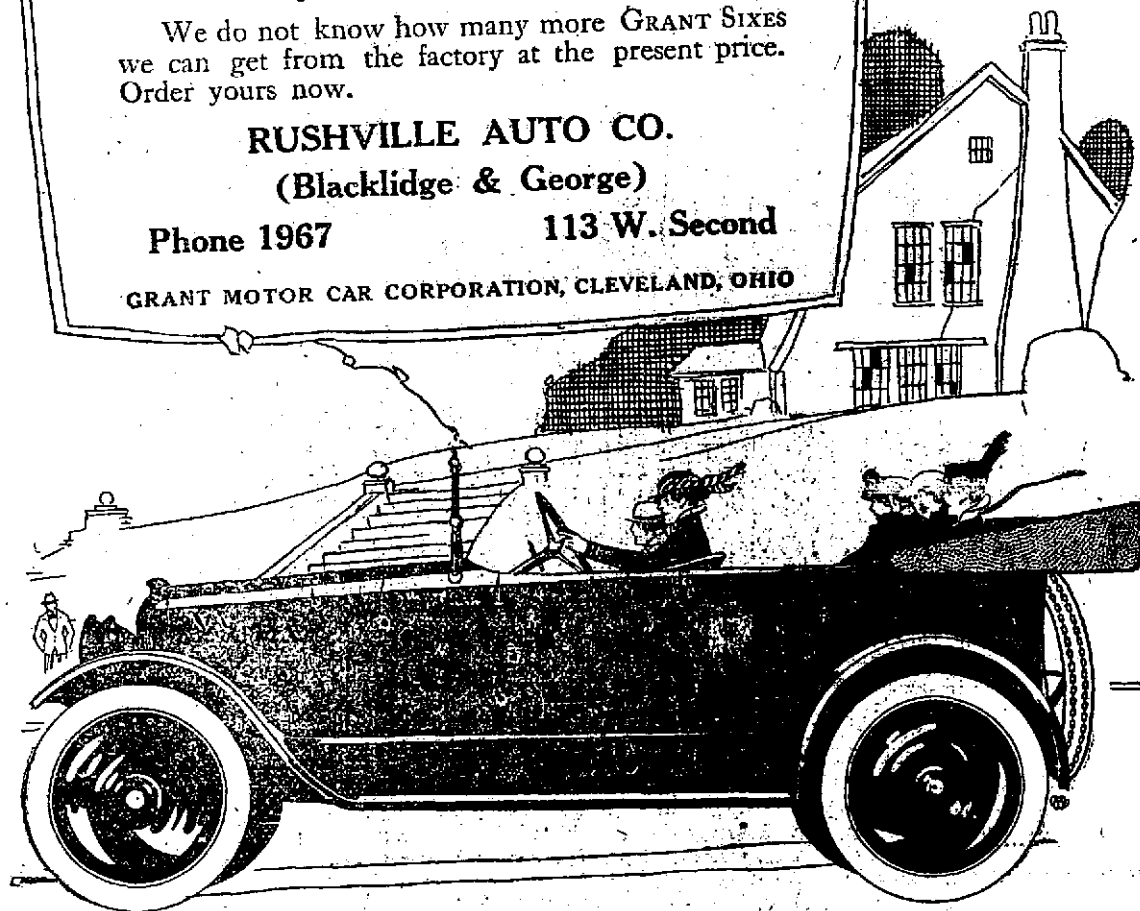

The building of a car of the GRANT SIX quality at so low a price will long remain one of the distinctive achievements of the industry.

Its overhead-valve engine, full-floating rear axle, cantilever rear springs, and its splendid electrical equipment, are not only unusual features in a car of such low price but have made the GRANT SIX a serious competitor of more expensive cars.

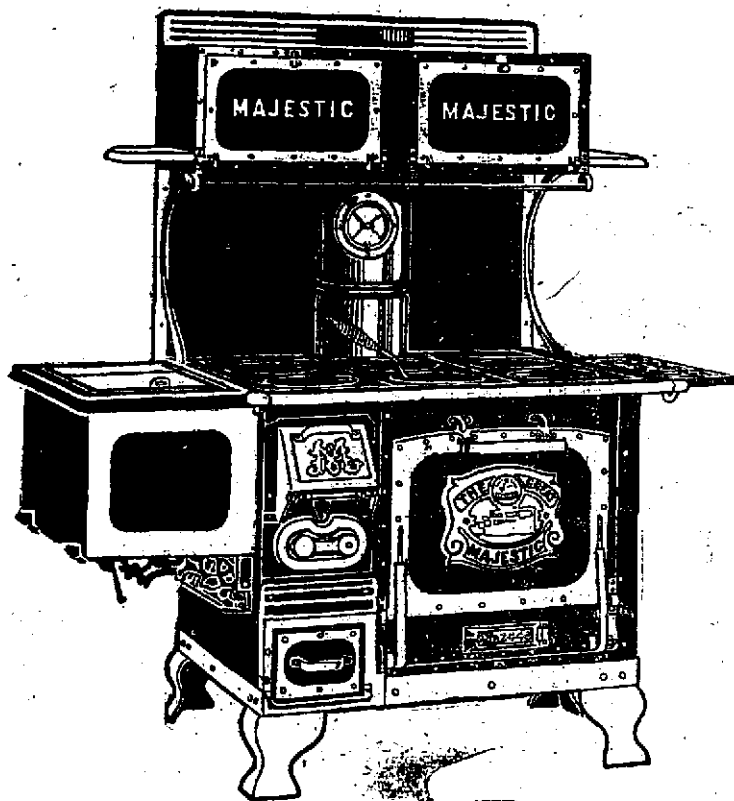

We do not know how many more GRANT SIXES we can get from the factory at the present price. Order yours now.

BRITISH OFFICER TAKES 20 GERMANS

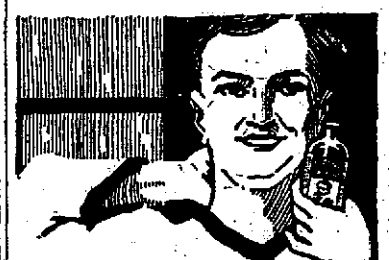

Germans Think Large Machine Gun in Fog Manned by Several Instead of One Man

WRECKS HOSTILE POST ALONE

London, Oct. 28. (By Mail).—In a dense fog, a British officer with an active machine-gun looked so much like a tank that twenty German soldiers surrendered to their lone opponent in one of the recent Flanders battles.

In the thick of the engagement the officer rushed a hillock seventy or eighty feet high outside Poelcapelle and began to spray with his machine-gun a group of enemy about thirty strong, who were keeping up sweeping volleys against the slopes of the rise.

Three of his companions crawled from hole to hole, bringing him fresh supplies of ammunition. He quickly wrecked the hostile advanced post and the surprised German was holding them in check. A

Relieves Stiff Neck

When you wake up with a stiff neck or sore muscles, strains or sprains, use Sloan's Liniment. No need to rub; it quickly penetrates to the seat of pain and removes it. Cleaner than musky plasters or ointments. It does not stain the skin or clog the pores. Always have a bottle handy for rheumatic aches, neuralgia, soreness, bruises and lame back. In fact, all external pain.

Generous sized bottles at your druggist, 25c., 50c., \$1.00.

KILLS PAIN

FRENCH ACADEMY HONORS JOFFRE

Victor of Marne Placed Among Immortals—Those Honored Usually Have to Pay Calls

FORMALITY FOR HIM

Paris, Oct. 20. (By Mail).—The claim to immortality of the Victor of the Marne is indisputable. The French Academy, however, wishes to make assurance doubly sure by electing Marshall Joffre among its "Immortals."

The only cases where purely military merit has been crowned by the French Academy are those of Marshalls d'Estrees, Villars and de Belle-Isle. Candidates for academic honors have of late been obliged to pay "duty-calls" on the Academicians before going up for election.

In the case of Marshall Joffre this formality will be waived, as he is notoriously too modest to consent to make any effort on his own behalf. Besides for "Papa Joffre" there is only one absorbing interest and that is to get on with the war.

man was holding the min check. A dense fog added to their bewilderment and fear and one of them declare he saw a tank standing behind the hill.

The others hastened to accept this fable and suddenly twenty Germans were seen to raise their arms, crying: "Kamerad!" The embarrassed officer, to secure his prisoners, had to summon the assistance of another English section.

The funeral services of Wilbur Welber will be held at the Main Street Christian church Sunday afternoon at 2:30 o'clock, conducted by the Rev. Mr. Parker, a Christian minister of this city. Burial will take place in the East Hill Cemetery. Friends may call at the house at any time.

ELECTRIC SHIP BECOMES REALITY

Editor of Magazine Propheesies Before Close of War New Vessels Will be Electric

BRITISH OBSERVE THEM

London, Oct. 28. (By Mail).—Britain is becoming very much interested in the electrically propelled ship, which was first developed on a large scale by the United States Navy.

The Editor of the "Electric Times," in a recent interview said: "The electric ship is no longer a dream but a reality and it should not be surprised to find, within a few years of the close of the war, every new vessel of any size driven, steered, stopped, reversed or turned, merely by pressing a series of buttons on the bridge."

"British shipbuilders now have their eyes on the possibilities of the electric drive for big liners and merchant ships and it is hardly to be questioned that our Admiralty is less alive than the United States Navy Department to the superior merits of the system."

F. H. DeTray has filed suit in the circuit court against Erling Falk for \$200 on notes. Mr. Falk is president of the Modern Appliance company.

STATE GIFT NEAR A HALF MILLION

Actual Figures Show \$450,000 so Far Contributed to Y. M. C. A. Fund in Indiana.

LEADS IN BOYS CAMPAIGN

This District is Far Over its Quota of Money Pledged by Young Men For Y. M.

Indianapolis, Ind., Nov. 17.—According to the latest figures at the state headquarters of the War Council of the Y. M. C. A. the state has contributed close to a half million dollars thus far in the campaign. Actual figures showed \$450,000 contributed with several districts yet to hear from.

The largest contribution received was \$50,000 from the Standard Oil Co., of Indiana, which was made through the Hammond district.

The fourth day of the campaign in Indianapolis showed that the city had passed over the half-way point with something better than \$151,000.

The largest contributions were: Arthur Newby, \$2,000; W. H. Coleman, \$1,500; W. H. Block, Charles C. Perry, \$1,000 each. A number of subscriptions of \$500 were reported.

Booth Tarkington, the author, contributed \$100. An old woman selling apples at the Stock Yards hunted up the committee and contributed \$1 "for the boys," saying she could not do much, but she wanted to help.

The Indianapolis committee, after passing over the half way mark formed a parade and pushed the armored car over to the "last trench" and when the full quota is reached, will push the car "over the top." This year is used to show the progress of the campaign instead of a clock or thermometer.

The state campaign workers who have the boys' campaign in hand are gratified at the results being obtained over the state for members of the "First Hundred Thousand" a movement designed to enlist boys under 18 years old in contributing \$10 each to the fund. Thus far the Greensburg district has gone far over its quota, with Anderson following with 80 per cent and Vincennes close behind. The members of the "First Hundred Thousand" agree to work for the \$10 and pay it in as they earn it. Each boy will receive an engraved certificate showing what he has done.

MOTOR GUNS FOR BANDITS

Chicago Detective Combats Auto Robbers With Tank

(By United Press.)

Chicago, Nov. 17.—Motor bandits are flourishing to such an extent that James L. Mooney, chief of detectives, has designed a sort of pocket edition "tank" to combat them. He will mount a machine gun on the hoods of police automobiles used in pursuing bandits.

GOOD ATTENDANCE AT U. P. INSTITUTE

Congregational Meeting Closes With An Inspiring Address by Dr. A. W. Jamieson of Xenia

DR. D. D. DODDS ALSO SPEAKS

Dr. A. W. Jamieson, of Xenia, O., and formerly of this city gave an inspiring address last evening at the United Presbyterian church before a congregational institute, on the subject, "Stewardship," which was followed by a round table discussion in which Dr. David D. Dodds of Xenia took the lead. The afternoon meeting was given over to the subject of "Soul Winning," with an address by Dr. Dodds and round table discussion. During the day, a number of worthwhile suggestions were given on these two subjects.

A number of people from the congregations of the United Presbyterian churches at Gilewood and Mays attended the institute yesterday. There was a good attendance at each session. These congregational meetings are being held in the United Presbyterian churches all over the country.

FIVE STILL QUARANTINED

Diphtheria Epidemic is Improving, Health Authorities Say

As the diphtheria situation stands now, there are five cases which are still in quarantine and four positive "carriers." The remaining children who had been quarantined as "carriers" have been released since the report of the culture of their throats came back negative. The authorities feel that the epidemic is gradually improving. Beginning on Monday the children in Junior high school at the Graham school will be examined. All of the children in the grades in each school in the city have been examined, at least those that have attended school within the past few weeks.

KEEP PENNIES CIRCULATING

Banks Advise People Not to Hoard Them and Cause Shortage

One solution to the penny shortage problem is to keep the pennies in circulation. The Rushville banks have so far been able to supply the demand for pennies but the public can aid by not hoarding them in banks. Now that the season for penny suppers has started, people should not keep the pennies received for change but keep them in circulation and aid the banks solve the problem.

BOARD ANSWERS ALL THE QUESTIONS

PEP PEP

PEPSINCO EVERYBODY'S FRIEND

For Your Stomach's Sake Get a Little Pepsinco now, To-day.

That little pain—that little bloating—that little headache—that little heartburn—that little nausea—that bad feeling and misery after eating. Take heed and look to it. Take Pepsinco. It'll make you feel fit. Your food will digest. That load will disappear and the pain will leave instantly.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behoves every one to watch for the sign. Pepsinco is used by for stomach ills. Guaranteed to thousands. It is the best remedy help the stomach or money refunded. Your druggist sells it on that guarantee.

YOU MUST COME ACROSS

**POINTERS FOR MANAGING
HOGS DURING THE WINTER**

(Written by G. I. Christie, Purdue University)
Bred for as early litters as con-

ditions on the farm will permit.
Have sows bred as closely together as possible.
It pays to keep a record of farrowing dates.
Feed balanced rations.
Keep the sows gaining in flesh.

See that the sows have abundance of exercise.
The hog house should be clean, roomy and comfortable.
Do not feed ice water.
Be on the guard against lice and diseases.

One Good Reason for Battery Care

Every year more and more cars depend on the battery for ignition.

This is one of the greatest testimonials to the Willard dependability.

It's also a big reason for preserving that dependability by proper care of the battery.

For if the spark fails there's "nothing doing."

If the starter fails, you can use the crank. If a lamp burns out you can replace it. But if the battery fails it means, "get a rope."

It's our business to help you avoid that possibility and with Willard quality and Willard Service it's easy.

Stop in and we'll put you wise.

JACK-RABBIT MAKES GOOD FOOD

Train Loads of Rabbits Shipped to New York and Received Good Prices.

WINTER SHIPPING EXTENSIVE

Thousands of Rabbits Killed in One Day When Hunters Form a "Round Up."

Oakley, Kan., Nov. 17.—The despised Kansas jack rabbit is coming into his own. For years the long-eared speedster of the plains has been considered a pest almost equal to the coyote, to be killed and let lie. A Kansan would never think of eating a jack rabbit.

Last winter food profiteers from the cities began casting for new fields and hit upon the jack rabbit. They shipped out frozen rabbits by the train-load and marketed them in New York at a good price.

In western Kansas the jack rabbit is a pest. He ruins young orchards, eats alfalfa and generally overruns the country. To combat the plague nearly every county holds "roundups." On an appointed day hunters form in a huge hollow square and slowly converge driving the rabbits before them. When the "jacks" begin to try breaking through the lines they are clubbed to death. It is not uncommon for thousands of rabbits to be killed in a single "round up."

Until last winter the carcasses had always been left where the rabbits were killed. Last season, however, the profiteers began buying rabbits and shipping them to eastern markets in refrigerator cars. Kansans who visited New York cafes were surprised to see the same old jack rabbits they had turned up their noses at all their lives served as "hares" and bringing an astounding price.

This winter the shipping of rabbits will be more extensive than ever. Already buyers are arranging big hunts and preparing to start shipping.

BREWING COMPANIES ANTICIPATE CHANGE

Legislature of 1919 May Allow Serving of Beers and Light Wines

MAKING OTHER PRODUCTS

(By United Press.)

Evansville, Ind., Nov. 17.—Brewery interests in this city are expecting the 1919 legislature to modify the prohibition law passed last spring to allow serving of beer and light wines.

The Cook Brewery company will be unable to use their plant for any other purpose than making beer unless the entire building is remodeled and all new machinery installed. The Evansville brewery has made some preparations for meeting prohibition by making light drinks. In about a month the manufacture of cider will be started. They are now canning fruit, especially apples and also a near beer product.

CHURCH HAS HONOR ROLL

U. P. Congregation Honors Men Who Have Gone to War

The United Presbyterian church has established an honor roll of its members and adherents who have gone to war. The honor roll has been placed in the Sabbath school room and contains the following names: Lieut. Lowell M. Green; Serg. Major Chas. B. Stiffer, Corp. Paul C. Coons, Privates Donald Pease, Ira Fultz, Carl Dudgeon, Faye H. Wylie, Marion Finney and Frank Horr.

Hammond—The huge electric sign on the plant of the Universal Portland cement company near here, 400 feet long, six feet high, and containing 525 Tungsten lamps, will be discontinued until the end of the war to conserve the coal used to produce the electricity.

Kendallville—Sixty head of good breeding ewes sold at a public sale here brought \$18 a head.

With The Churches

—Homer Christian Union church, the Rev. P. O. Orr, pastor: Sabbath school at 9:30 a. m. and preaching by the pastor at 10:30 a. m. and 7 p. m.; Christian Endeavor at 7 o'clock each Thursday evening. A revival meeting will start at this church Thanksgiving evening. The public is cordially invited to all of the services. At the Rays Crossing Christian Union church, of which the Rev. Mr. Orrt also is pastor, will hold Sabbath school at 9:30 a. m. and class meetings at 10:30 a. m. Midweek prayer meeting is held every Wednesday evening at seven o'clock.

—Arlington Methodist church, F. M. Westhafer, pastor: Bible school, 9:30 a. m.; preaching by the pastor at 10:30 a. m. and 7 p. m.; Epworth League, 6 p. m.; W. G. Rich-ey, president. The pastor will also preach at the Franklin Methodist church in the afternoon at 2:30. Everyone is invited to the services. The new furnace has been installed in the Arlington church, insuring a comfortable house.

—The services for the First Presbyterian church for Sunday are: 7:00 a. m. Quiet Hour; Sunday school at 9:30 a. m.; 10:30 Divine Worship, preaching by the pastor on the subject, "The Great Commission." There will be no evening service on account of the union patriotic meeting at the Methodist church. Prayer meeting, Thursday evening at 7:30.

—Services will be held at the Main Street Christian church here Sunday as follows: Sabbath school at 9:15 a. m.; W. E. Anderson, head chaplain of the United States Asiatic fleet, home on a leave of absence, will preach at 10:30 a. m. and 7 p. m. at the Union meeting at the M. E. church.

—First Baptist church, C. J. Bunnell, pastor, residence 612 N. Morgan street, Phone No. 1911: Sunday school, 9:30; Preaching service at 10:45, subject for the sermon, "God's Appeal to Men." Services Sunday evening will be in connection with the union patriotic service at the M. E. church.

—The services for the United Presbyterian church for Sunday are as follows: 9:30 Bible school; 10:45 preaching by the pastor; Young Peoples meeting at 6:00. The congregation will join in the Union meeting which will be held at the St. Paul's M. E. church at 7:00.

—The services for the Glenwood United Presbyterian church for Sunday are Bible school at 1:30 and preaching by the pastor at 2:15 p. m.

—St. Paul's M. E. church—Sunday school, 9:30; divine worship, 10:30, sermon theme, "More Than Conquerors," Epworth League at 6:00 p. m.
